## SEVENTY-SIX MEN GO DOWN WITH U.S. DESTROYER JONES

Sunk in War Zone By German Submarine Thursday Night

### BULLETIN

WASHINGTON, Dec. 8.—Lieutenant Commander David Worth Bagley and Lieutenant Norman Scott were among the survivors rescued after the sinking of the American destroyer Jacob Jones by a German submarine in the war zone Thursday night.

The navy department was so advised tonight by Vice-Admiral Sims.

These two officers, two warrant officers and two enlisted men were named in the admiral's despatch as survivors in addition to the thirty seven previously reported saved. This leaves one line officer and sixty eight men missing.

The other four survivors reported by Commander Bagley and Lieutenant Scott were:

Chief Boatswain's Mate Clarence McBride, wife, Florence McBride, Syracuse, N. Y.

Coxswain, Ben Nunney, father, Fred A. Nunney, Edmore, S. C.

Chief Electrician Lawrence G. Kelley, next of kin not given.

Fireman Joseph Korzeniecky, mother Anna Korzeniecky, Suive, Russia.

Admiral Sims' report said that Commander Bagley and the five other men saved with him got away in a motor boat and were picked up and landed uninjured at the Scilly Islands.

WASHINGTON. Dec. 8.—Three officers and 73 men were believed tonight to have gone down with the American Destroyer Jacob Jones, torpedoed and sunk in the war zone by a German submarine at 8 o'clock last Thursday night.

Vice-Admiral Sims, up to a late hour had been unable to supply only brief details in reply to urgent messages from Secretary Daniels, whose brother-in-law, Lieutenant Commander David Bagley, commanded the lost vessel and was reported among the missing. Three officers and 34 men were picked up by other vessels from life rafts to which they clung, but the names of only ten of these had been transmitted to Washington.

The Jacob Jones one of the largest and newest American submarine chasers of her type operating in the Atlantic was the first American warship to fall victim to a German submarine but was the second American destroyer to be lost in foreign waters. The Chancery sank with her commander, Lieutenant Commander Walter E. Reno, two other officers and 18 enlisted men after being cut in two by the Transport Rose Early, on the morning of Nov. 20.

Admiral Sims' message did not estimate the loss of the Jacob Jones. What vessels accompanied her was not revealed but Admiral Sims' report showed that one vessel rescued thirty men and another seven. They sent this confirmation by radio and it was immediately transmitted to Washington.

Showed Strain of Anxiety. Secretary Daniels stoutly held to his hopes that other patrol craft possibly without wireless equipment had rescued more of the destroyer's company. Mr. Daniels showed plainly the strain of his personal anxiety as well as that over the greatest loss to the navy thus far in the war. Colonel Bagley's mother has lived for several years at the secretary's home. With her daughter, Mrs. Daniels, she was stunned by the news of the disaster. Another of her sons, Ensign Worth Bagley, was the only American officer killed in the war with Spain. He too, died on a destroyer, being killed by a shell aboard the Winslow in the attack on Cardenas, Cuba, in April 1898.

Navy officers and officials took pride in the fact that the Jacob Jones and her crew had written new honors into navy records before the vessel fell victim to an enemy torpedo. In October the Jones went gallantly to the rescue of the British converted cruiser Orana, accompanied by another American destroyer when the former P. & O liner was torpedoed. They attacked and put the submarine out of commission and then when the cruiser began to settle, transferred all on board to their own decks without incident.

The Jones carried 305 British seamen to safety.

A letter from the commander of the Orana to the senior American officer of the two destroyers gave high praise to the courage and skill of the Americans.

Maintain a Keen Watch. Lacking details of the action in which the Jones was lost, officers assumed that the destroyer either stumbled upon a submarine and was struck by a lucky shot, or was surprised while on patrol duty. As the watch maintained by American destroyer crews is notably keen, the last explanation seemed improbable.

The survivors of the Jones undoubtedly owe their lives to the forthrightness of the navy department in having provided every destroyer sent abroad with a complement of life rafts sufficient for the entire crew. They are lashed on deck in such fashion that they release them-

## GALE FOUNDERS TUG; ELEVEN MEN LOST

Boat Sinks off Atlantic City Upper Beach With All Hands on Board.

Atlantic City, N. J., Dec. 8.—Swamped by heavy seas, driven by one of the worst northeast gales this section of the coast has experienced in many years, the Tug Eugene F. Moran foundered three miles off the upper beach late today and sank with all hands on board. The captain and ten men were lost. Members of the crews of the tug's tow who were rescued by coast guard crews were unable to identify any of the victims.

The tug owned by the Moran Towing company of New York was bringing two barges from New York to Philadelphia when she foundered. At the risk of his life the captain of the tug cut the two big hawsers holding his tow, probably preventing a heavier toll of life. After being cut loose the barges were swept toward the shore, one of them piling upon the beach near Asbecon Inlet, the other jamming into a shoal five hundred yards from shore.

Aboard the first barge were Gustav Asplind, of Brooklyn, and Edward Johnson, New York, both of whom were rescued in an unconscious condition by volunteers who had rushed to the beach from the crowd gathered on the board walk. Meanwhile the coast guard crews had put out from the inlet and after battling for two hours with the high seas, which several times threatened to swamp their small craft, reached the second barge and rescued its occupants, George Carlson and John Nelson, both of New York.

## CONFIRMS BATTLE OF SANTA CLARA CANYON

Villa Forces in Demoralized Condition When Attacked by Federal Forces.

Juarez, Dec. 8.—A Mexican official arrived here today with complete confirmation of the battle of Santa Clara canyon, 75 miles northwest of Chihuahua City Tuesday. He said Villa's forces were so demoralized when the combined forces of General Francisco Murguia and Pedro Favela trapped them in the box canyon many were killed with out being able to fire a shot. He knew nothing of the report that Hijo de Villa, brother of Francisco Villa had been killed.

The Mexican official who brought letters and official documents from Laguna which were left by General Eduardo Chavez, gave a gory description of the scene following the attack on Chavez train by Villa's followers. He said the women and children camp followers of the federal train guard were killed and even the dogs' and horses' throats were cut by the Villa men. He also brought a number of farewell messages to relatives of the massacred officers and small pieces of jewelry and trinkets overlooked by the attackers.

## POSTPONE HEARINGS OF WESTERN ROADS

WASHINGTON, Dec. 8.—Hearings on western railroad applications for fifteen per cent increase in freight rates set for December 17, was indefinitely postponed today by the interstate commerce commission at the request of the railroads.

The reason assigned by these railroads for the postponement were the commission's recommendations for unification of the railroads and the uncertainty of the government's future action. Demands of employees for wage increases and the fact that earnings for the entire year of 1917 will be soon available, also were mentioned as reasons for delaying the hearing.

The western railroads applied for an increase about two months ago following similar action by eastern carriers. The eastern roads' case has been heard and is now awaiting decision. The commission indicated, however, in its special report to congress Wednesday that the rates question was intricately involved with the other problems of finance and operation growing out of war conditions.

Itself and come to the surface if the ship sinks. Destroyers cannot carry enough life boats for their complement without masking the fire of their guns and torpedo tubes.

Apparently the Jones went down almost at once. This was taken to mean that the torpedo had scored a fair hit amidships possibly tearing the swift craft in two when it exploded. If this is true, there can be no question that many of the crew died in the blast of the explosion or were carried down with the shattered hull without a chance to escape.

Officers here felt that such a fate was preferable to hours of exposure and final death from cold on life rafts.

That Admiral Sims and the British authorities have taken every possible step to find additional survivors was regarded as certain. The sea in the vicinity of the scene of the tragedy undoubtedly was searched again and again on the chance that other rafts might be picked up with men living or dead. A patrol of the nearby coast also will be maintained.

Secretary Daniels said first word of the loss of the destroyer had come to him just before midnight last night. It was the bare announcement of the fact. He immediately called Admiral Sims for a detailed report and the brief reply made public today was received this morning.

Additional details will be announced as they are received.

## FOUR THOUSAND DEAD IS LATEST HALIFAX REPORT

### Work of Relief Organized to Care for the 20,000 Destitute

HALIFAX, Dec. 8.—Four thousand and dead. That is the new estimate tonight of the superintendent of morgues whose duty it is to assemble and expose for identification, if possible, the bodies of those who perished by shock or fire when the ammunition ship Mont Blanc blew up in the harbor Thursday.

The estimate was based on records of the superintendent's assistants who late tonight reported a total of 1,000 bodies recovered. They have

figured on a certain number for a prescribed area. There appears to be no other way of determining the loss.

Hundreds, perhaps thousands of bodies, have been consumed by fire and in scores of cases not only whole families but whole neighborhoods have been wiped out and names of all the dead may never be known. Late in the day dredging parties under direction of the naval authorities dragged bodies of sailors, soldiers and laborers from the body of the harbor. Another searching squad found forty bodies in the hull of the Norwegian steamer Imo which collided with the Mont Blanc.

The work of relief was organized today at a meeting of American and Canadian officials and volunteers who are here with generous resources at their command to restore so far as possible the injured and provide shelter, food and clothing for the 20,000 who are destitute.

Late tonight authorities in charge of the various morgues announced that about 400 of the 1,000 bodies had been identified.

More than a foot of snow fell last night. Today the storm passed and the weather was clear and cold. Street cars were stalled in the drifts during the night but today the service had been partly restored.

The day also saw the lighting system renewed in part and after darkness fell the city looked a little less black and forbidding. Fortunately the telephone service is good but there is a sombre significance in the report of so many 'dead' numbers.

The water supply is causing the most concern. Emergency repairs are being made as fast as it is humanly possible, but the system was still seriously deranged this evening.

The property loss variously estimated at from \$20,000,000 to \$50,000,000 probably will prove to be near the minimum figure. The relief committees have asked for \$30,000,000 which they estimate will be necessary to care for the 20,000 destitute ones.

The search for bodies goes on periodically and hundreds are exposed in temporary morgues until which thousands continue to file the there have been but few identifications.

The clearing on the streets by the removal of wreckage of homes, facilitates the recovery of bodies. Those engaged in this work are having many depressing and some heartening experiences.

When the blow fell Little Lola Burns, the 8 year old daughter of John Burns of Granville street, was on her knees by her cot saying her morning prayer. The house collapsed. Hours later Lola was found in the midst of the wreckage, hemmed in by fallen timbers and surrounded by broken glass, but quite unharmed, still on her knees and praying fervently.

In a cellar at Richmond a soldier in uniform was seen digging frantically. It was Private Henneberry, who had been overseas with the 63rd battalion and recently home wounded.

"Here was my home," explained the soldier, briefly while he continued to dig, "and I am sure I heard a moan a moment ago."

Others gave him a hand and presently from under a kitchen stove the protruding ash pan of which had protected her, was revealed Henneberry's eighteen months old baby, Olive. Her wounds were superficial. But the private's joy was short-lived. A little more digging exposed the body of his wife and five other children.

Word had come from St. John that more injured can be accommodated there. Among the injured already in that city the cases of twenty are critical.

Mobilize Relief Unit. Washington Dec. 8.—One hundred surgeons and physicians, more than 150 nurses and a number of social workers are being mobilized by the American Red Cross in the stricken city of Halifax. Some them already have arrived and the remainder are enroute on special trains, including one which left Providence, R. I. today. Supplies for the relief of the sufferers are being rushed from New York, Boston and Maine. Besides the great quantities of wearing apparel and bedding already sent material for repairing houses such as board, glass, putty, etc., already are on the way with more to follow.

Governor Milliken of Maine today sent from Bangor a telegram to the American Red Cross at Halifax, three car loads of repair material, including roofing paper and boarding. Additional materials of this kind will be sent from Maine tomorrow and a steamer also will leave Boston with a considerable quantity of glass and

## CHAMPAIGN HOTEL REPORTED IN FLAMES

Fire Breaks Out In Plaza Hotel at Mid-Night—Six Buildings Threatened.

Champaign, Ill., Dec. 8.—Fire which broke out at mid-night in the second story of the Plaza Hotel had gained great headway when discovered and six buildings threatened. The entire fire fighting forces of Champaign and Urbana are fighting the blaze and calls may be made for help from nearby cities. Zero weather is adding to the danger of the situation.

The hotel building seems doomed and the firemen are fighting to save the American Express offices, a tailor shop, millinery store and hardware store all of which are in the line blaze which is eating its way southward.

VILLA FORCE MOVING

El Paso, Texas, Dec. 8.—American troops in the Big Bend district were warned tonight that Villa's main force was again moving toward the border opposite the Big Bend in anticipation of the attack by the federal forces of Ojinaga, now held by the Chila troops. A column from Juarez is now moving in that direction.

The column in command of Martin Lopez which was defeated at Santa Clara canon Tuesday passed thru Namiquipa yesterday and was reported to be going in the direction of Satevo, between Parral and Chihuahua City.

KENTUCKIAN VICTOR

New York, Dec. 8.—In the international catch-a-catch-can tournament here tonight "Strangler" Lewis of Lexington, Ky., defeated Sula Havonpaa of Finland in 15 minutes, 24 seconds with a half Nelson; Ivan Linow of Russia defeated Carl Bush of Montenegro in 12:40 with a flying fall; Bush being injured and Wladek Zybsko defeated Hjalmer Johnson of Norway in 25:10 with a double neck hold.

OUTLINE PLANS

Chicago, Dec. 8.—Directors of eight state meetings here today outlined plans for the war savings stamp and certificates campaign.

Plans were made for speaking campaigns and patriotic rallies and special efforts will be made to interest school children in the purpose of stamps.

The active campaign will start in Illinois Monday. Julius Nolan of Chicago will be the principal speaker at the meeting.

LITTLE FIGHTING REPORTED

London, Dec. 8.—"On the Cambrai front some local fighting occurred late this afternoon," says the official report from the British headquarters in France tonight. "On the remainder of the front there was no infantry action."

GRANT CHANGE OF VENUE

Bellefonte, Ill., Dec. 8.—A change of venue has been granted by the circuit court in the case of Dr. Leo N. Bundy, negro dentist, who is accused of murder in connection with the East St. Louis race riots.

The case will go to trial Monday at Waterloo.

Dr. Bundy asked for a change of venue on the ground of prejudice against him in this county.

Bundy has issued a statement that he made no confession of participation in the race riots.

FIRE ORIGIN EXPLAINED.

Chicago, Dec. 8.—Federal authorities announced tonight that an electrician working in the United States government medical warehouse which was destroyed by fire with a loss of \$200,000 today has confessed that he started the fire by accidentally overturning a blow torch in a pile of shavings.

Officials, who at first were inclined to believe the fire was due to vandalism said the confession eliminated all chance of a German

plot.

GIVEN LENIENT SENTENCE.

Fergus Falls, Dec. 8.—Henry Palzer, who shot and killed his son, Al Palzer, heavy-weight pugilist several weeks ago was sentenced to five years in the state penitentiary by Judge Parsons in the district court here today. The shooting occurred at the family home here, when Al Palzer, attempted to intervene in a quarrel between his father and mother. Palzer's attorney urged leniency on the ground that Palzer had been drinking heavily and using drugs, and was not mentally responsible.

RETAINS TITLE.

Boston, Dec. 8.—James Heneghan of the Dorchester club, the National Amateur cross-country champion, today retained his title as New England ten mile champion. He led a field of eight runners in one hour, 4:15 seconds.

PRINCETON DEFEATED.

Princeton, N. J., Dec. 8.—The soccer team of the College of the City of New York today defeated Princeton 1 to 0.

BOSTON JACKIES LOSE.

Cambridge, Mass., Dec. 8.—The Newport Naval Reserve football team defeated the Boston Navy yard eleven, 7 to 6, in a game for the naval district championship of New England. Both teams were made up of former college players.

WIN CHAMPIONSHIP.

Green Bay, Wis., Dec. 8.—Marquette won the high school football championship of Wisconsin by defeating Watertown today, 27 to 6 in a temperature below zero.

## SNOW AND COLD OF IMPORTANCE TO WHEAT CROP

Right Thing Happened At Right Time Says

Crop Expert

CHICAGO, Dec. 8.—According to B. J. Snow, the crop expert, it doesn't really matter that the snow and cold over a large area of the northern states of the middle west chills to the marrow, impedes vehicular and railroad traffic, and eats into coal supplies. None of these were suffered in severe measure. Mr. Snow pointed out, however, that the benefits to crops are of immeasurable importance.

The fortunate circumstance of the occasion was the fall of snow, needed by seeded wheat as a blanket of warmth against the cold, and to provide moisture for the soil. Many things may happen to crops before next harvest but that, he said, does not alter the fact that for the present the right thing happened at the right time.

The most serious incident of the storm was the sinking of a dredge in Lake Michigan near Chicago today with the

expect the present congress to pass the Federal Woman's suffrage amendment.

Georgetown University displays a service flag with 650 stars. Can it be equalled by another educational institution?

A meatless and wheatless banquet was served last night at the annual dinner of the Indiana society—the first of its kind in history.

"A Bible for every soldier" appeals to every Christian especially. The Bible teaches men to be better soldiers as well as better citizens.

Do not let the war spoil all Christ mas pleasure. We must live and do our full duty and when we can, without injury to ourselves, add some good to others, as the duty.

What may be the last convention of the National American Woman Suffrage Association will be held in Washington this week. The leaders

of prominence are gathering in Wash

ington to take part in what promises to be the largest and most important convention ever held by the Anti-Saloon League of America. The sessions will begin Monday and continue through the greater part of the week. A leading feature of the program will be a jubilee meeting in celebration of the closing of all the saloons in the national capital.

SAFETY FIRST.

The tax amendment to the Illinois constitution, voted on at the last general election, was effectively killed by the Supreme Court, which denied a rehearing on the case, in which the court held, at the October term, that the amendment failed of passage because it did not receive a majority of all the votes cast and not of those votes cast for members of the Legislature. The amendment would have removed constitutional restrictions which make it impossible for the Legislature to change the taxing system.

USING THE MAIL TO DEFRAUD.

Swindlers find the United States mails a convenient and desirable agency for the promotion of numerous schemes to defraud the public. Because of the government's efforts to keep the mails clean, the average man is likely to have more faith in proposition submitted by letter than by any other means. As showing to what extent fraudulent promoters take advantage of this confidence in the United States mail service, the postmaster general's annual report announced that the department, during the fiscal year last past, prosecuted frauds involving \$50,000,000. The arrest of 697 persons engaged in such schemes was made during the period. These arrests do not represent the full extent of mail-swindling operations, for many of the crooks are clever enough to avoid actual violation of the law and so cover their activities that they cannot be held under criminal charges.

THE MAN OF IRON.

Bismarck has been blamed so frequently with responsibility for the present calamitous war forced on the world by the present German war lord, that it is well to remind our readers that Bismarck was opposed, after the Franco-Prussian war, to the retention of French territory, especially Metz, which he said would be a constant source of friction. It was well known at the time that it was precisely on account of this same statesmanship that the young kaiser regarded him as an "old fogey," and because Bismarck refused to obey instead of exercising his prerogative as chancellor—to advise—he was summarily dismissed. The chancellor is on record as saying to his royal master at that time: "I am against a war of attack of any kind; the fire must be kindled by others—we shall not kindle it. Neither the conscience of our strength nor reliance on our allies shall deter us from continuing our endeavors to maintain peace. France we shall never attack."

WE HAVE THEM WITH US THIS SUNDAY.

The zero weather coming suddenly, if it can be so termed, should remind everyone living in comfort today that there are many suffering in our city for coal and warm clothing and the necessities of life. Jacksonville people have had so many calls this year for money to help different and worthy causes, Red Cross and Army Y. M. C. A. and others, and they have been so generous and ready in their answer to these appeals, that local conditions have been lost sight of to a great extent. Perhaps you do not know personally of a case of destitution or of suffering. Visit a coal office and listen to the pleas for a basket full or a few bushels of coal and you would be convinced that the need is great. Coal is and has been high priced. It took money and plenty of it to

have your cellar filled this year. Then think of the many not so fortunate as yourself and "dig down" into your pocket and "do your bit" here at home. Do it today when the need is great. Call up the chief of police and ask him where you can do the most good. He will report back to you just where your contribution has or can be placed. Rummage in your garret this morning, there are perhaps warm and comfortable garments that might save some woman or child from freezing, then call the chief or Miss Weiler, or the pastor of your church, they can tell you where to place them today—when the cold is nipping some poor boy or woman's toes as you sit by your fire in comfort. There will be no better way of serving the Lord than this right now. Do not wait for the weather to grow warmer so that you can get out in comfort and investigate. The need is right now. If you have any large amount to invest you can attend to that later perhaps, but study the matter well early this Sunday, and decide to make an investment according to your means in a bond issued by that treasury in heaven, where your profit will be a satisfied conscience that you have done what you could to relieve the distressed, to comfort women and children, who are not as well off in this world's goods as you may be. Then you can attend divine worship in the right spirit. Better err on the side of charity than not to be charitable at all.

GET OFF THE FENCE.

Old Glory called one April morn. And soon the drums were beating. And sons of ours to freedom born With foes of men were meeting.

And now upon the service flag, Are many stars a shining. For lads of ours who never lag. Nor waste their time in whining.

To all Columbia offers home, Who will obey her orders. But every traitor neath her dome, Belongs outside her borders.

She needs the ready willing hands. She calls the willing workers. To save our own and other lands. She has no room for shirkers.

If you're not cheating for her stars, No friend are you to freemen, And aiding treachery that mars. And sinks our ships and seamen.

So if you're sitting on the fence, Take this advice my brother. Just use a little common sense. And fall one side or other.

S. A. Hughes.

### Rippling Rhymes By WALT MASON

God Save Them.  
God save the divers kings for whom the anthem rings, from loyal throats; may they with wisdom choose all policies they use, and may they never lose their royal goats. God save all kings and queens, princes and horse marines, whose hearts are right; let us not choose and pick! God save the lowly lass, digging where bombs are thick, there in the fight. God save the nameless wight, buried at dead of night, on foreign shore, buried in crimson mud, while like a ceaseless flood wavelets of human blood flow evermore. God save our noble boys, going where war destroys bodies of men; guard them by night and day, send them, from far away, when ended is the fray, safe home again. God save the widows all, widows in hall and mother, mothers and brides! Waiting for James or John, who is forever gone; and the red stream flows on, in sobbing tides. God save the little lads robbed of their loving daddies, children who weep; kids at their mothers' knees, saying, "Where's daddy, please?" Lined up with such as these, monarchs are cheap.

### THIS DATE IN HISTORY

December 9, 1823—Statehouse at Vandalla burned. The Receiver's office for this land district was kept in one of the rooms of the Statehouse, and the books, papers, etc. belonging to his office were entirely destroyed. Subscription paper started to rebuild. Upwards of \$3,000 already subscribed.

### THERE IS NO WATER!

Except what is in the city mains and the small amount coming from the North End. The lake has long been empty. The reservoir now is empty. Many users of water must be shut off. Are you private users going to curtail? Use slop jars; avoid several flushings daily of closets; save wash and clean dish water to use for flushing; take sponge baths. Curtail! Curtail! You have reached the end.

JOSHUA VASCONCELLOS, Commissioner.

### TO THE PUBLIC.

We, the members of the Executive Committee of the Red Cross, appeal to the public to make the campaign now in progress for the fight against tuberculosis, a success, by buying Christmas Seals. The tuberculosis work is one of the many activities necessary to the successful completion of the war. Let Morgan County go over the top in this matter, as usual.

### WILL RAISE FUN FOR SOCIAL SERVICE LEAGUE

Campaign for Social Service League Memberships Tuesday — \$1,500 Must Be Raised to Care for the Needy of Our City During This Year—Every Citizen Can Do His Part By Subscribing for a \$2.00 Membership—Large Subscriptions From Those Who Can.

Winter is here. The needs of the suffering are beginning to show themselves in unmistakable terms. The Social Service League is setting itself to the huge task of seeing that Jacksonville is scientifically served and cared for. Every citizen can help by taking out a membership. This will furnish the necessary funds and assure that the help given will be such as to meet the needs most effectively without overlapping and duplication.

The Campaign for the year's funds will be conducted by the Board of Directors of the Social Service League, Tuesday, December 11th. The city has been distributed and teams will canvas the entire city. This is an opportunity for all to share in one of the most worthy causes. Your two dollars joined to the other two dollar memberships from all over the city will make possible a piece of work which no single person or small group could hope to accomplish. You want to do your bit by your own home people, here is the opportunity.

The affairs of the League are administered thru a Case Committee which is made up of representatives of almost all of the leading charitable organizations of the city. The amalgamated judgment of such a group of representative citizens makes for an efficiency in service which few if any other plans could possibly duplicate.

Fifteen hundred dollars has been set by the Board of Directors as a minimum that will be needed to carry on the work of the year. Certainly this is a small amount for a community of our wealth, importance, education and efficiency to expend in this great cause. There are those among us who will willingly make a large donation in addition to the small membership fee. Seldom indeed does a person have such an opportunity to make the large and the small amounts reach out and perform one hundred cents on the dollar of Community Service.

Many can not give large sums, but when added together the small sums make a working capital which will make even the smallest contribution do worthy work. The giver becomes one of the great number of helpers who need not fear about the welfare of the more needy.

There is a pleasure in feeling that we have done our part and that part is surely working to render efficient service—and that without taking our time to administer it.

The Christmas time will be pleasant indeed when we know that we have lent a helping hand to those in our community who are in need of aid. The social Service League represents the surest, safest and most efficient means of administering this aid. We know that Jacksonville will come nobly and generously to the front in this campaign for home.

### MERRIGAN'S

THE WHITE ELEPHANT SALE.

The White Elephant sale in the room second north of the Ayers National bank, was quite a success considering the very inclement weather. Mrs. E. W. Brown was general manager and the several ladies from churches participating, as already announced, were on hand and did their work well. Mrs. George E. Mathews was in charge of the apron department and Mrs. W. L. Alexander was treasurer. A number of business houses contributed articles, among them Andre & Andre, Myers Brothers, E. W. Bassett, Russell & Thompson, C. J. Depp & Co., Rabjohns & Reid; chairs were loaned by John G. Reynolds and W. W. Shilham; the use of the room by V. R. Riley, Lloyd Brown gave corn and potatoes; J. Bart Johnson loaned a victrola and the light was given by the Jacksonville Railway & Light Co.

It was the intention to sell all that was left at auction in the evening but the weather was so cold it was decided to wait for better temperature. C. M. Strawn of Alexander had kindly consented to serve as auctioneer in case the sale was held. Probably some day this week the auction will be conducted. The proceeds are to go to laundry fund of the hospital.

### RADIATORS

We have established a system to repair radiators. See us when others fail.

COLLISION IN BLUFFS YARDS SATURDAY

Engine Crashed Into Freight Train and Demolished Car of Hardware Co. Y. M. C. A. Campaign Closed—Other Interesting News Items From Bluffs.

Bluffs, Dec. 8.—A rear-end collision occurred in the yards here early Saturday morning caused by escaping steam from the rear engine which completely shut off the view, causing it to crash into the freight train ahead. Two cars, one loaded with hardware were completely demolished and the engine damaged. All traffic was held up on the main line and trains were delayed for several hours.

The Y. M. C. A. solicitors have closed their campaign with \$1,000 to their credit which is \$300 above the quota for this precinct. At first to raise the allotted amount seemed a big undertaking but the solicitors had but little difficulty and many of the subscriptions were liberal which shows that Bluffs will do her duty. This precinct has furnished more volunteers for the army than any other precinct in the county.

The work for the Red Cross goes rapidly onward and the German propaganda scattered here for the purpose of retarding its progress has fallen upon deaf ears. Sweaters, socks, pajamas and other articles are being turned in rapidly. At a recent meeting of the local chapter, the ladies decided to spend some time in making garments for refugee children in Belgium. Several new names have been added to the chapter.

Mrs. Charles Boyd was called to Charles City, Ia., by the serious illness of her little granddaughter.

Mrs. A. E. Zoller and children, who have been visiting relatives here have returned to their home in Quincy.

Mrs. Horace Sappington and daughter, Bessie are visiting friends in Springfield.

Miss Amy Martin of Versailles is visiting friends in town.

The heavy freeze of Friday night was welcomed by the boys and they are enjoying skating to the fullest extent.

CONFER WITH COAL MENPURPOSE TO HAVE REASONABLE  
TONNAGE STORED FOR EMER-  
GENCY USE

Situation Not Yet Acute if Consumers Will Avoid Ordering More than Needed—Limitation of Amount Sent Each Consumer May Become Necessary—Dealers Will Report One Week Later Amount of Coal Stored in Interim.

The local fuel committee, M. F. Dunlap, Edgar E. Crabtree and C. B. Graff, held a conference with the Jacksonville coal dealers Saturday morning at the Ayers National bank. The meeting was called by Mr. Dunlap because of the unusually cold weather and the knowledge that the coal supply in Jacksonville is very short.

Altho all local dealers have been exerting their best efforts to take care of their customers and at the same time accumulate some little coal for storage purposes, the sum total of storage coal is indeed very small. Ordinarily at this time of year twenty-five to thirty cars of coal can be found in the bins of dealers here; and an inventory made yesterday indicated that this year the total in storage is not more than eight to ten cars.

## FEAR WORSE SITUATION.

Jacksonville is fortunate in being located not far distant from mining territory and when weather conditions are such that there can be a normal movement of freight cars there is not much danger of suffering or of a serious shortage. The sudden cold snap and the snow have interfered with railroad service, which was already in congested shape because of war conditions, and it was Mr. Dunlap's fear that, if cold weather should continue or grow more severe, that the Jacksonville situation would become acute.

The conference, therefore, was for the purpose of learning the exact status of the coal supply, urging dealers to use their own best efforts to secure more coal from the mines, and the offer of the committee to lend their assistance thru the state fuel administration in aiding any dealer who is unable to secure his supply from the mine operators.

Each dealer present was asked as to the number of cars of coal on track, the number in transit and the amount of coal in storage. These figures were recorded and when another meeting is held in the course of a week, the same questions will be asked and the committee will then have at hand the records to show how much progress has been made during the week in adding to the storage supply.

## DEETERS TO GIVE INFORMATION.

Each dealer was also given a blank form provided by the state fuel administration, wherein the dealer supplied information as to (a) the annual requirements of the community for domestic use; (b) the amount of coal already delivered to consumers for the winter's requirements; (c) the amount in all dealers' hands and enroute; and (d) the amount of coal needed by the community from Dec. 15 for the winter's requirements. This blank applies to both hard and soft coal and after each dealer has furnished the desired information it will be forwarded by Mr. Dunlap to the state fuel administration.

The committee made several suggestions as to the best methods for dealers to adopt in their co-operation and it was finally decided that for one week the matter will be left to the dealer for individual settlement as to the best method for accumulating some storage supply. It was realized that it may be possible to get better results by letting each dealer follow his own plan rather than making a blanket order covering all dealers.

For example, one dealer might choose to reserve ten tons out of each car received for storage purposes, and another dealer might prefer to store a car at a time. The question of limiting the amount of coal sent to any individual consumer was also presented and it was argued by some of those present that if this rule were enforced and coal sent only in comparatively small quantities to those in need of coal, that automatically the amount of coal daily distributed would be lessened and thus some surplus would be left for storage.

## SEEK CO-OPERATIVE ACTION.

The conference was of a most friendly character, the chairman stating in the beginning that the best results could be secured only by a co-operative spirit. There was the intimation that this co-operative spirit was expected and that if it did not materialize that the committee would feel called upon to make rulings of some kind which would result in the certainty that an emergency supply is kept on hand, enough to take care of Jacksonville for a period of about two weeks in case of mine troubles or the crippling of a railway service thru bad weather.

Should the situation become so acute that limiting the supply sent to each customer is necessary, it is not at all unlikely that the committee will have the services of an agent who will by personal inspection determine just what are the actual needs of consumers. The committee has on file records of the situation in one city where all the coal business of the city was pooled and all orders filled thru a central committee. This was done because of the acute shortage of coal and to avoid the duplication of orders. It was found that some unpatriotic citizens, notwithstanding their knowledge of the acute situation, were buying coal that they did not need for immediate use by placing orders for a load with four or five dealers at one time. With the orders handled thru a committee or clearing house, such duplication is impossible.

Representatives of the following firms were present for the conference: D. E. Sweeney, Simeon Fernandes &amp; Son, H. E. Frye &amp; Co., J. A. Paschall, Lewis &amp; Cleary, York

Bros., Snyder Ice &amp; Fuel Co., J. W. Baptist, Otis Hoffman, Harrigan Bros., U. J. Hale, George S. Roger and Walton &amp; Co.

## STATE FUEL ADMINISTRATION'S ADVICE.

In connection with the present fuel shortage the following advice to consumers has been issued by the state fuel administrator and sent to all local committees for publication:

"Publicity should be given to the following: The geological survey reports that the production of coal this year will be approximately 10 per cent greater than last. However, it is well recognized that on account of war conditions consumption will also exceed that of last year. Whether or not there will be a shortage of coal during the coming winter depends upon (1) whether producers exert every effort to bring about the maximum production and (2) whether consumers exert every effort to cut down consumption and eliminate waste of fuel. The fuel administration is doing everything in its power to stimulate production and to bring a fair and even distribution of the available supply. It will require the fullest co-operation on the part of both producers and consumers to avert a shortage which may mean not only suffering but a serious hampering of war preparations."

## THERE IS NO WATER!

Except what is in the city mains and the small amount coming from the North End. The lake has long been empty. The reservoir now is empty. Many users of water must be shut off. Are you private users going to curtail? Use slop jars; avoid several flushings daily of closets; save wash and clean dish water to use for flushing; take sponge baths. Curtail! Curtail! You have reached the end.

## JOSHUA VASCONCELLOS, Commissioner.

## READING AT THE LIBRARY

Miss Mae Dummer Will Read "The Altar of Freedom" This Afternoon at Three O'clock.

It is certainly appropriate that the "Altar of Freedom" is to be read at the Public Library this afternoon at three o'clock. It is a book which makes an appeal to all those who have a staunch simple faith in the principles for which this country has entered the war.

Each dealer present was asked as to the number of cars of coal on track, the number in transit and the amount of coal in storage. These figures were recorded and when another meeting is held in the course of a week, the same questions will be asked and the committee will then have at hand the records to show how much progress has been made during the week in adding to the storage supply.

FILED NO EXEMPTION CLAIM  
George L. Elliott, one of the Morgan county men at Camp Taylor, has written friends here that he had been annoyed at Camp Taylor by a story that he had claimed exemption. The records of the local board show that Mr. Elliott was examined for the service Aug. 7, filed no claim for exemption, and was certified to the district board Aug. 8. Mr. Elliott, who is the son of James Elliott, a long time resident of the county, is now locally doing his part in the army service.

**THERE IS NO WATER!**  
Except what is in the city mains and the small amount coming from the North End. The lake has long been empty. The reservoir now is empty. Many users of water must be shut off. Are you private users going to curtail? Use soap jars; avoid several flushings daily of closets; save wash and clean dish water to use for flushing; take sponge baths. Curtail! Curtail! You have reached the end.

JOSHUA VASCONCELLOS,  
Commissioner.

## NEW BOOKS AT THE PUBLIC LIBRARY

The following is the list of new books at the public library:

## Literature

Dix—Across the Border. Lindsay—Handy Guide for Beginners.

Markham—Lincoln and Other Poems. "The color of the ground was in him, the red earth."

Markham—Shoes of Happiness. He drew a circle that shut me out heretic, rebel, a thing to flout. But love and I had the wit to win: we drew a circle that took him in."

## Food

Franks—Household Organization for War Service.

Forster and Weigley—Foods and Sanitation.

Greer—Text Book of Cooking.

Stern and Spitz—Food for the Worker.

## The War

Aldrich—Edge of the War Zone.

Mademoiselle Miss—Letters from an American girl serving with the rank of Lieutenant in a French Army Hospital.

Zangwill—The Principle of Personalities.

## Religion

Gibbons—Faith of Our Fathers.

Headland—China's New Day.

## The Arts

Anderson—Pictorial Photography.

Collins—Keeping Up With Your Motor Car.

## Rent Collection

The rent collection has been enlarged to include a number of the books which are very popular and which although there are more than several copies in the library are more largely in demand than can be readily supplied. Copies of Gerard's Four Years in Germany, Empey's Over the Top, Dawson's Carry On and Private Peat have been added this week.

Barbussz—Under Fire.

Hudson—Green Mansions.

Lewis—The Innocents.

Luehrman—The Other Brown.

Snaith—The Coming.

RED CROSS SHOP GETS  
EMERGENCY CALL

Chicago House Wrecking Company and District Commissioners Reach Agreement.

Judge Smith was busy in the circuit court Saturday until noon and then adjourned court until Monday morning at 10 o'clock. The most interesting case considered was that of the commissioners of road district No. 6 vs. Frank Harris and the Chicago House Wrecking Co. The suit was occasioned by the officers of the road district objecting to the removal of pipe formerly owned by the Jacksonville Water Co. and purchased by the Chicago House Wrecking Co.

The commissioners of the road district objected to the company removing the pipe along the roadway, claiming that such removal would put the road in bad condition and accordingly brought an injunction suit by attorneys Carl E. Robinson and J. O. Priest. The defendants were represented by Bellatti, Bellatti & Moriarity of this city and William Brown of Chicago. After hearing the evidence Judge Smith indicated that both parties had rights and subsequently the case was settled by agreement. It was understood that the defendants agreed not to remove any portion of the pipe in the center of the roadway until spring and that in addition \$1,000 is to be paid to the road district.

Orders Entered.

In the partition suit of Mary J.

Newman et al. vs. Henry Newman et al. exceptions to the master's report were overruled and decree was approved.

JACKSONVILLE FREE  
PUBLIC KINDERGARTEN.

During these days when our attention is directed very much to the war work so nobly carried on by a generous and thoughtful public we are apt to forget some of the more quiet but very important services rendered to the needy in our own community.

The Free Kindergarten of Jacksonville has been a very important factor in our city life for many years.

It is maintained by contributions obtained by voluntary gifts and by soliciting. At present a board of directors, twenty four in number, manage its affairs. The members of the board generally give their time and means to this worthy enterprise. Its work is carried on among the neglected little children in town. It is the aim to take into the kindergarten only those children whose parents are unable to pay for training.

The school is now quartered in the David Prince building thru the courtesy of the school board. The school holds one session per day—from 9 to 12 in the mornings, during nine months in the year. The regular course covers two years, then the child enters the public school. Pupils are admitted between the ages of 3 and 6.

The training of these young lives in the beautiful ways is certainly imparting some spiritual truth as well as teaching them to observe the beautiful and attractive in everything. Many little ones are kept on the streets, given warm cozy rooms for part of the day, sometimes fed by the teachers in charge, often supplied with suitable clothing during the cold winter months. The work does not stop with the kindergarten room, but the mothers of the children are visited and interested in the child's welfare. All of the plans are constructive, based upon most praiseworthy motives, which are limitless in their possibilities and influences. Friends should count it a privilege to help with their money and influence this worthy cause.

The plan of operation calls for an expenditure of about \$700.00 annually. This pays the salary of the director and the necessary supplies for the school. The payment of \$2.00 for the school year makes one a member of the association; \$5.00 a star member; \$10.00 a double star; \$20.00 is a scholarship fee.

The board of directors at present is:

President—Rev. J. F. Langton.

Vice-president—Rev. E. B. Landis.

Secretary—Miss Hattie Phillips.

Treasurer—Mrs. L. S. Doane.

Director—Miss Claribel Hopper.

To all who have aided this work most hearty thanks are extended. The board, however, desires to say that the public will be called upon to tide this home work over as the nation emphatically calls upon us all to care for our schools in the very best way possible.

## MAYOR RODGERS HEADS MUNICIPAL LEAGUE

Elected to Presidency at Recent Convention—Resolutions Adopted After Special Legislation Session.

At the fourth annual convention of the Illinois Municipal League and the League of Illinois Municipalities the two organizations were fused and Mayor H. J. Rodgers of this city was honored with the post of president. The other officers are as follows:

1st. vice-president—Mayor H. H. Stahl, Freeport.

2nd. vice-president—Mayor James E. Harley, Aurora.

3rd. vice-president—Mayor George K. Crupton, Herrin.

Secy. treasurer—John A. Fairlie, Urbana.

General counsel—Clifford G. Roe, Chicago.

Statistician—Wm. S. Adkins, Chicago.

Executive committee—Mayor E. E. Jones, Bloomington; Mayor Charles F. Bauman, Springfield; Mayor H. P. Parsons, Evanston; Mayor W. H. Hoff, Paris; Mayor Wm. C. Barber, Joliet.

Interesting Program.

Mayor Rodgers and Commissioner Martin, who returned Saturday from the convention, said that it was indeed a very interesting gathering and the various men who appeared on the program discussed questions of great importance to municipalities. Among the subjects presented were "Municipal Home Rule in Ohio" by A. R. Hatton, Cleveland, O.; "Municipal War Work" by Robert E. Cushman of the university of Illinois; "Municipal Accounting" by John B. Tanner of Chicago, and "Community Morals" by Clifford G. Roe, assistant corporation counsel of Chicago.

An open forum occupied one session and at this time discussion was entirely informal and a great many suggestions of interest were discussed. One of the problems which is now troubling the officers of large and small cities throughout the state is that of meeting increased municipal expenses.

A year ago when a down state

proposition was made for increasing the tax rate for city purposes, Chicago was not interested; but now because of the loss of \$600,000 in saloon licenses and the expectation of losing a like sum next spring, Chicago is very much interested.

### Resolution Topics.

In the resolutions adopted this matter received attention and it was decided to petition Gov. Lowden to call a special session of the general assembly for the purpose of relieving the situation by legislation which will enable all the cities of Illinois to increase their general revenue by taxes to meet the urgent needs of the health, fire, police, street and other departments in the present emergency.

Resolutions also call upon Gov. Lowden to call a special session for the purpose of authorizing additional water way construction to relieve the congestion of freight on the railroads in the U. S. The convention also went on record as offering its services to the state council of defense in meeting any problems arising out of the war; favoring the passage of a law authorizing cities to adopt the manager form of government; opposing commercialized vice or segregation.

## DR. APPLEBEE HOME FROM WASHINGTON

Returned Home Saturday Evening—Received Commission While There—Heard President Wilson Address Congress—Says Pessimism Prevails in Capital.

Dr. A. B. Applebee returned home Saturday evening from Washington where he was called upon business connected with his enlistment in the Dental section of the army. While there Dr. Applebee received his commission as First Lieutenant.

Dr. Applebee said last night that he probably would not be called to active service for several months. For the present he will spend some time each month in Chicago where he will serve at the Great Lakes Naval station. This will enable him to continue his practice here until he receives final orders.

While in Washington Dr. Applebee attended the opening session of congress and heard President Wilson's memorable address to that body. It was a most inspiring scene and one which Dr. Applebee says he will never forget. He also saw the president several times, once when the president and Mrs. Wilson were on a shopping expedition in the business district of Washington.

At the present time Washington is the hub of the world. Dr. Applebee said it was estimated that over a thousand people arrive in the nation's capital every day. It is almost impossible to secure hotel accommodations and visitors are satisfied if they can get a place to lie down in of any kind. Some of the hotels that have large bath rooms are utilizing rooms for sleeping quarters.

One thing that impressed Dr. Applebee was the air of pessimism that pervades Washington. He says that there where everybody is in such close touch with the situation in Europe that the gravity of the war is realized. He is of the opinion that citizens of this section of the country and further west do not appreciate the gigantic task that confronts the United States in the present crisis.

**Military Fountain Pens. SCHRAM & BUHRMAN**

**FRANKLIN DEFEATED GIRARD INDEPENDENTS**

Won Fast Game in Marquette Hall Saturday Night by Score of 24 to 9—Game Was Clean One Only One Foul Being Committed—Beerup and Seymour Star for Franklin.

Franklin, December 8.—Franklin Independents defeated the fast Girard independent team in Marquette hall this evening by a score of 24 to 9. The game was played at top speed throughout. Despite this, however, it was remarkably clean, but one foul being committed. The weather was extremely cold there was a good crowd present and everyone was amply repaid by the exhibition.

For Franklin Beerup at forward and Seymour at center were the bright stars. These players between them scored 22 of Franklin's points. For the visitors Wones and Hopson were the main point makers. Franklin's guards also played strong game and kept Girard from finding the baskets when they got within striking distance.

Walden who came touted as a great player only scored one point when he threw a foul goal. Franklin kept after him and so closely was he guarded that he seldom got a chance to display his ability. The score:

Girard: F.G. F.T. T.P.  
Wones, f ..... 1 0 2  
Hopson, f ..... 2 0 4  
Lindholm, c ..... 0 1 1  
O. Driver, g ..... 1 0 2  
A. Driver, g ..... 0 0 0

Totals ..... 4 1 9

Franklin: F.G. F.T. T.P.  
Teaney, f ..... 1 0 2  
Beerup, f ..... 6 0 12  
Stewart, f ..... 0 0 0  
Seymour, c ..... 5 0 19  
Gray, g ..... 0 0 0  
Wynn, g ..... 0 0 0

Totals ..... 12 0 24

**DRIVER BREAKS RIBS; AUTO TRUCK WRECKED**

Lyle Wynn, Driver for Whitlock's Market Collides With Iron Trolley Pole—Truck Badly Damaged and Wynn Sustains Two Broken Ribs.

Lyle Wynn, driver of an auto truck for L. H. Whitlock, grocer or 327 East Morton avenue had two ribs broken and was otherwise bruised when the truck he was driving collided with an iron trolley pole in South Main street Saturday morning.

The accident occurred near the intersection of South Main street and Morton avenue. Evidently the auto skidded in the snow and Wynn lost control of it. The truck was badly damaged and was put entirely out of commission.

Wynn was attended by a physician and removed to his home in South East street. He probably will be kept from his duties for several days.

**Military Fountain Pens. SCHRAM & BUHRMAN**

**MEDICAL CLUB MET.**  
The Jacksonville Medical club met Saturday night with Dr. W. H. Weirich at his office in the Kopperl building. Dr. Baker discussed the new state law with reference to venereal disease.

Mrs. F. C. Sherman of Akron, Ohio, is here for a visit with her parents, Judge and Mrs. M. T. Layman.

## W. L. ALEXANDER BUYS STOREROOM ON SQUARE

Returned Saturday Evening—Received Commission While There—Heard President Wilson Address Congress—Says Pessimism Prevails in Capital.

Building Owned By Weil Estate Sold By F. E. Farrell—New Owner Will Make Improvements.

W. L. Alexander has purchased the west side store room until recently occupied by John E. Boland. The property has been owned for a great many years by the Weil estate and has been in charge of F. E. Farrell as agent. Mr. Farrell made the sale of the property to Mr. Alexander a week since and the deed was placed on record Saturday. The purchase price was \$8,000 and Mr. Alexander assumes the taxes and the assessment for the Morgan street pavement. The lot on which the building stands is 20 feet, 6 inches wide, extends to the west 149 feet and has a frontage of 48 feet on Morgan street.

**Purchased Long Ago By Weil Bros.**

The property was purchased many years ago by Edward Weil and his brother, Leopold Weil. For some time they conducted the most successful merchant tailoring business Jacksonville had in those days and subsequently used a part of the store for ready to wear goods.

In Berlin he finds it necessary to enroil himself among those spies before he can learn where the book containing the names is kept. Then he gets possession of it and sends it to the American Ambassador, while he himself is court-martialed.

The odd feature about this thrilling drama is that it contains all the vigor and excitement of war, without a single battle scene being flashed on the screen. Realizing that the public has a surfeit of such views, the Fox company arranged its story in such fashion that it was found unnecessary to fire a single shot during the taking of the picture.

In the cast are, besides Dustin Farnum, Winifred Kingston, Charles Clary, William Burriss, Howard Gaye and William E. Lowry.

**Lavallieres, festoons and neck chains in all styles.**

**UNITED STATES AWAKES TO SPIES' PRESENCE**

For Three Years This Country Has Been Honeycombed By German Agents.

(N. Y. World, June 5, 1917.)

An American's sacrifice of life and all it holds dear to him, to save his countrymen and learn the secrets of the German spy system forms the theme of the stirring William Fox production, "The Spy" which, with Dustin Farnum in its lead, comes to Scott's Theatre Monday.

Dustin Farnum, one of the few popular men stars of the screen, plays the role of Mark Quaintance a man of wealth and social position who undertakes the hazardous task of gaining a list of the Teutonic spies in the United States.

In Berlin he finds it necessary to enroil himself among those spies before he can learn where the book containing the names is kept. Then he gets possession of it and sends it to the American Ambassador, while he himself is court-martialed.

The odd feature about this thrilling drama is that it contains all the vigor and excitement of war, without a single battle scene being flashed on the screen. Realizing that the public has a surfeit of such views, the Fox company arranged its story in such fashion that it was found unnecessary to fire a single shot during the taking of the picture.

In the cast are, besides Dustin Farnum, Winifred Kingston, Charles Clary, William Burriss, Howard Gaye and William E. Lowry.

**Lavallieres, festoons and neck chains in all styles.**

Lets Go Over the Top With 800 New Members

## To the Public!

We are all looking for more trade, more work and improved conditions. This applies to the man in business as well as to the producers.

The business man wants more customers, the customers want more work. Neither can be blamed for these wants.

Now, it is only fair to say that if business men want the trade of a community, they should give preference to the products of that community. The producers of another community are in no position to give their trade to this community.

We have in mind a condition wherein 150 cigarmakers and their families, besides many others depending on this industry for a living in this city. The wages earned by these people find a way into the regular business channels of Jacksonville merchants. The most of these merchants show their appreciation of this fact by patronizing the products of our home factories. There are some, however, who ask and expect the trade of home people, and who persist in buying brands of cigars made in other cities; cigars especially made in trust factories, under trust conditions.

Only a few months ago a general demand was made in these trust factories for higher wages and better working conditions, so that the men and women could live more decently, and not be compelled to wear their last summer's clothing in the winter. They were met by the police with clubs, and by the courts with jail sentences for their audacity. They were starved into submission. These acts, influenced by the trusts, show their utter heartlessness, their disregard of the needs and rights of others, especially those who made their products, who did no more than attempt to improve their condition.

Cigars made in these factories do not bear the Union Label, yet there are some dealers here who persist in handling them, and even making a display of them, in preference to the superior home product.

Jacksonville has a record in the manufacture of cigars that is the envy of other cities. This was accomplished honorably, after many years of patience by our manufacturers, in conjunction with skilled labor.

In the making of a cigar skill is required. Therefore it is required that an apprentice in a Union shop serve three years before he becomes a journeyman. In a trust shop no skill is required; much is done by machinery, and what is called the "team system", under which no employee makes a complete cigar. Specialization induces speed, the trust sets a low price per thousand, the employee speeds up, and in this way is enabled to just about keep from starvation; and these cigars, made under such conditions, are placed before us by some of our dealers in competition with the honest work, and widely known good character of Jacksonville cigars. These dealers say that they are compelled to handle them because the travelling men demand them; the travelling man, who sells the drugstore his drugs, the shoe man his shoes, the clothing man his clothing, etc.

# We Offer the Following Specials In Staple Furniture At Special Prices This Week

These bargains may be just the thing for a useful present in your family. A present that will last and be appreciated year after year.

### FAT STOCK SHOW FINE EXHIBITION

Mr. and Mrs. George Swain of Sinclair Were in Attendance—Many Fine Animals Shown—Mr. Swain Himself a Successful Live Stock Raiser.

Mr. and Mrs. George Swain of Sinclair were in the city yesterday on their way home from the fat live stock show at Chicago. Mr. Swain is very enthusiastic over the show and says it was about the best he ever attended. The champion steer was fattened at the Indiana Experimental station at Purdue University, Lafayette and was a short horn. It weighed 1610 pounds and was auctioned off to the Breeders' Association at \$2.05 a pound. They gave the animal to the Red Cross society and Ike Brown, buyer for Armour & Co., bought it for \$2.10 a pound.

A friend of Mr. Swain, E. P. Hall of Mechanicsburg, had the champion load of fat steers. They were black Angus bulls and sold for 42 1/2 cents a pound.

The same man had seven loads beside of the same kind and they sold at 21 cents a pound. All had been fed a year. The same man has 130 more of the same kind he is preparing for the next fat stock show a year hence.

A pretty sight was a little girl, eight or ten years old, dressed in white with white shoes and long curly hair leading a calf into the ring. The creature would get a bit frisky at times but the little one held it all right. The calf weighed probably 150 pounds while the largest animal shown tipped the scales at 2710 pounds.

The great majority of the cattle shown were Poll Angus and Hereford white faces. The cattle sold would have brought more money a few weeks ago but those that did sell, not at fancy prices brought all the way from 13 to 20 cents a pound. Daniel Waters of Dawson, also well known to Mr. Swain had a load of yearlings and one of two year olds, both Short Horns and won first premium on the two year olds.

The steer that dressed the largest per cent was fattened at the Iowa experiment station and laid on the block 66.37 per cent.

Mr. Swain himself is a successful feeder of cattle and hogs. Last February he bought two loads of feeders averaging about 1000 pounds at \$9.25 to \$9.50. He fed them shock corn in the morning and ear corn at night in a self feeder and turned them on grass as soon as possible. He also gave them some straw and clover hay. There were 25 Polls and for them he received this fall \$16.20 a 100 pounds and for a like number of Short Horns he received \$15.25. He had with them a lot of hogs weighing from 125 to 150. For 75 averaging 250 he received \$19.25 a 100 and a few weeks ago he sold 82 at \$17.75.

In the second load of cattle mentioned were six of his own raising and two of them weighed 1500.

### LADIES' SWEATERS \$5.00 values. \$1.98 THE EMPORIUM

### ILLINOIS COLLEGE NOTES

News of the death of Dr. E. T. Ayers was a shock to many of his fellow alumni and college friends. Dr. Ayers was always one of the leading spirits at the Illinois College reunions in New York City. In addition to his skill as a physician, he was a man of considerable literary ability.

Dr. Thomas W. Smith, '87 of East Orange, New Jersey, will speak at the chapel exercises Tuesday morning. Probably several other Trustees who will be in town that day for the semi-annual Board meeting will attend the chapel exercises. Mr. Thomas Fansler of Philadelphia will be present and probably also E. W. Blatchford and H. J. Danbaugh of Chicago, J. J. Bergen of Virginia, and Robert C. Lanphier of Springfield.

The regular devotional meeting will be held at Academy Hall on Sunday evening, December 9th at 6:30 p.m. The subject will be "Using What We Have." Mr. Robert Shoemaker will lead the meeting.

The members of the Board of Trustees will be entertained at luncheon at the home of President and Mrs. Rammelkamp, Tuesday noon.

Mrs. Bertha L. Wheeler, mother of Bernice Wheeler, '19, died at her home in Quincy, Illinois, November 28th. Mrs. Wheeler was also the mother of Leon Brockman, '02.

President Rammelkamp recently received a letter from Professor A. E. Day, who is now in Geneva, Switzerland with his family. Professor Day is at present studying in the University of Geneva. He writes among other things—"We have no news as yet as to whether the College at Beirut was opened, but I think that it must have done so because we have learned of the opening of the two Colleges at Constantinople and the College at Smyrna. Most of the Beirut people will stay there, although they were free to leave when we did." Professor Day also writes regarding the difficulty of securing supplies in Switzerland. "The fuel problem is one of the worse ones here," he writes. "They have had to make a hater contract with Germany, and even so they do not begin to get what they need."

Johnson Freeze Proof will not evaporate or corrode metal. Buy now at Brady Bros.

NOTICE

R. N. of A. No. 4980 will hold an election of officers, December 10th, refreshments.

Mabel Donavan, Recorder.

### WAR CONFERENCE TO BE HELD AT UNIVERSITY

Corn Growers and Stockmen Will Meet in January to Discuss New Problems.

The Corn Growers and Stockmen's Convention will hold their annual meeting during January, 1918, as a conference on the war situation.

The need for such a gathering is easily seen. New conditions have arisen during the past year. As John A. Macdonald of Canada recently said, "Nothing is the same any more."

New problems in all lines of work are at hand needing frank and full discussion by representative farmers. As citizens, patriots, and producers we need to come together. Our nation is at war. Every man and every woman who is loyal to the flag desires to do his or her part and stands ready to make the necessary sacrifice to overthrow autocracy and make the world safe for democracy.

War is war—there can be no middle ground. We must be deadly in earnest. We are Americans. It is now our turn to serve America, and to serve with no private purpose.

There is no twilight zone between patriotism and disloyalty.

Much as we desired peace it was denied us. We must go to the front and fight, or enlist as one of those who get behind this war and push.

There is no place for the men and women who by their words or conduct lengthen or delay the vigorous prosecution of this war.

This meeting will be of vital interest to every citizen of the State. Lectures, conferences and discussions will be held that will help to make world history. Authentic and first hand information will be given by some of the best posted men in the country.

Detailed program of the sessions will be issued later and may be secured by addressing the College of Agriculture, Urbana, Illinois.

See us for your winter auto accessories, such as radiator covers, anti-freezing solution, priming plugs, etc. Illinois Tire and Vulcanizing Co., W. State Street.

### MAVERICKS

Swearing off won't be such hard work the first of the coming year.

Two years from now John Rockefeller will be about the only man in the world who will be able to afford an alcohol rub.

Whiskey seems to be losing its popularity as a remedy for snake bite.

If the Russian bear is not careful the German Emperor will have a ring in his nose and have him performing for the benefit of guests at the German Imperial palace.

One regrettable thing about the Halifax catastrophe is that Kaiser Wilhelm, the Crown Prince and Von Hindenburg were not standing on the bridge of the Mont Blanc when the explosion occurred.

While four footed hogs are reported scarce we have not noticed any decrease in the two footed variety.

Mysterious Stranger

It has been so long since we tasted pork that when we met a hog while out hunting the other day we didn't recognize him.

Dispatches tell us that Russia will right herself, but at the present time she is listing badly to port.

If the average city man who brags about eating eggs laid by his own hens would sit down and figure up the expense he probably would find that every egg he eats costs him about a dollar at the present price of feed.

A two course luncheon might mean several things but in the days of food conservation our idea of a two course luncheon would be crackers and water.

A woman in Peoria had a man arrested on the charge of assault with a deadly weapon, claiming he attacked her with a shot. His foot probably was inside the shoe.

A bull sold the other day for \$17,000, which shows that some kinds of bull is valuable.

An old colored woman died the other day who was one of the numerous cooks for Abraham Lincoln. If she keeps up these cooks will become as numerous as the families who came over in the Mayflower.

COMBINE THE USEFUL AS WELL AS THE BEAUTIFUL IN CHRISTMAS PRESENTS SUCH AS BLOUSES, FURS, DRESS HATS, COATS, SILK SKIRTS AND SWEATERS AT HERMAN'S.

### TAG DAY SPEAKERS

In the various churches this morning speakers will explain the "Free Bed Fund" of Passavant hospital and ask for liberal support of Tag day, Saturday, December 15.

The speakers and the churches to which they have been assigned are: Grace, John J. Reeve; Brooklyn, Dr. George Stacy; Centenary, A. C. McCall; Christian, Charles B. Graff; Baptist, Carl H. Weber; Congregational, Dr. Carl E. Black; State street, Felix E. Farrell; Trinity, Dr. J. G. Ames; Northminster, Joshua Vasconcellos; Westminster, W. J. Brady.

## REPORT SHOWS RESULTS OF WAR ACTIVITIES

Attorney General Gregory Indicates Steps Taken to Carry Out Measures Against Enemy Aliens—Makes Recommendations Concerning Civil Laws of Nation.

Washington, Dec. 7.—Only the cold figures showing the results of the work of the Department of Justice in coping with German plotters in this country are given in Attorney General Gregory's annual report submitted today to Congress. None of the details of the operations of the secret service of that department touching almost every condition from the romantic to the sordid are disclosed. Most of those must necessarily remain untold until the end of the war, when a set of volumes rivaling the most exciting tales of fiction might be written from them. The Attorney General's report merely tells the story of results in the figures of prison sentences which the agents of German intrigue are now serving in federal penitentiaries.

In dealing with the enemies within, the Department has found that the espionage law, the trading with the enemy act, and the prosecution of seditions conspiracy have been fruitful of results.

### Can Deal With Malcontents

"The government's hands have been materially strengthened so that it now has power to deal with malcontents," says the Attorney General's report.

The prosecution of William D. Haywood and other leaders of the so-called Industrial Workers of the World, to the number of more than 150 in the northern district of Illinois is an instance of how these laws may be employed for the public protection in this time of stress. The effect of these prosecutions is already having a far-reaching and highly beneficial influence towards the maintenance of order and obedience to law throughout the country."

After dealing with the war activities of the war Department the Attorney General passes on to recommendations concerning the civil laws of the nation.

Attorney General Gregory reads at the outset his recommendation that the commodities clause of the

interstate commerce law be amended to meet Supreme Court decisions, to divorce transportation from production. While the legislation Mr. Gregory recommends is intended particularly to cover the coal roads, it would also prohibit to the last degree a railway from manufacturing or owning anything it transports in interstate commerce.

### Law to Benefit Federal Courts

Also, the Attorney General recommends his recommendations for a provision of law intended to benefit the federal courts. It would provide that when a federal judge reaches the age of 70 years and refuses to avail himself of the retirement already provided by law, the President shall be authorized to appoint another judge for the same district to take precedence over the older one.

Under the existing law there is no legal penalty for sending threatening letters thru the mails unless to accomplish extortion or as part of a means to defraud. Mr. Gregory recommends legislation to make it a crime. The status of limitations for criminal prosecution in bankruptcy cases, now one year, the Attorney General regards as having defeated justice in some cases and he recommends that it be extended to three years.

### Conditions Are Peculiar

In the enforcement of the anti-trust laws the Attorney General says the Department has been confronted by peculiar conditions brought about by the war. There are two broad limitations on the power of the department. Increases of price, brought about not by agreement, conspiracy or monopoly, but by the common selfish impulse of traders to take advantage of the extra-ordinary condition of the times are not punishable under the anti-trust laws, the report says, no matter how completely lacking they may be of economic justification or how extortional.

Sales of commodities by retailers to consumers generally fall outside of interstate commerce and therefore are not within the purview of the federal laws.

Within such limitations, Attorney General Gregory says the department of Justice has utilized its full energy. Several of the great anti-trust cases, previously begun, notably the International Harvester and Steel suits are still in the Supreme Court.

The Attorney General devotes much of his report to informing congress of the steps he has taken to carry out the measures against enemy aliens. They include co-operation of federal marshals and troops with local authorities, and go into the legal procedure in great detail.

### DON'T DELAY

Come in, today, and pick out the box of candy you need for Christmas. The boxes never looked so attractive or the candy so pure and wholesome. Nearly everybody says this year they are going to use candy exclusively for their gifts. Look them over at MERRIGAN'S.

### Illinois Women, Prepare!

Thousands of women in Illinois have overcome their sufferings, and have been cured of woman's ills by Dr. Pierce's Favorite Prescription. This temperance medicine, though started nearly half a century ago, sells most widely to-day. It can now be had in tablet form as well as liquid, and every woman who suffers from backache, headache, nervousness, should take this "Prescription" of Dr. Pierce's. It is prepared from nature's roots and herbs and does not contain a particle of alcohol or any narcotic. It's not a secret prescription for its ingredients are printed on the label. Send 10c. for trial package to Dr. V. M. Pierce, Buffalo, N. Y.

EAST ST. LOUIS, ILL.—"I was sick with chills and nervousness and the medicines used did not help me. Then the doctor doing me Dr. Pierce's Favorite Prescription. The first few doses made me feel better. I also used the 'Pleasant Pellets' with this remedy. Both together gave me a new life and strength and I came out of the illness in good shape. The 'Favorite Prescription' became a 'stand-by' for me. I have since used it when in a delicate way and it has been of great benefit. It is a true Woman's Medicine."—Mrs. JOHN MORELAND, 1311 No. 15th Street.

Dr. Pierce's Pellets are unequalled as a Liver Pill. One tiny, sugar-coated Pellet a Dose. Cure Sick Headache, Bilious Headache, Dizziness, Constipation, Indigestion, Bilious Attacks, and derangements of the Liver, Stomach and Bowels.

## Some War Revenue Facts

A complete analysis of normal and special war taxes imposed by the federal government has been compiled by Ewell D. Moore and issued in pamphlet form. Copies of the pamphlet are being sent out by State Auditor Andrew Russel. Some figures from the work giving special information about the income tax are printed herewith: (Fifth Installment)

### PROCEDURE

The executor or administrator of the estate must give written notice to the collector of the district where the estate is located, within 30 days after qualifying or coming into possession of any property of a resident or non-resident, in all cases where the gross estate exceeds \$60,000, and in case of a non-resident decedent any part of whose estate is situated in United States.

### GROSS ESTATE DEFINED

To determine gross estate, includes all real estate and personal property conveyed by gift or in trust in contemplation of death, and the interest of decedent in property held jointly or as tenants in entirety. Any transfer of a material part of one's estate in the nature of a final disposition, or any distribution made by decedent within two years prior to death, will, unless otherwise shown to the contrary, be deemed to have been made in contemplation of death, and, therefore, subject to the tax.

### NET ESTATE DEFINED

1. The net estate of a resident decedent is determined by deducting from the gross estate funeral and administrative expenses, all claims against estate, unpaid mortgages, losses incurred during settlement, when not compensated for by insurance, support during settlement of those dependent upon decedent, and such other charges allowed by the laws of the jurisdiction.

### 2. An exemption of \$50,000.

In case of a non-resident decedent, the net estate is determined by deducting from the value of that part of his gross estate which at time of death is situated in United States that proportion of deductions specified above in Paragraph 1, which the value of such part bears to the value of his entire gross estate wherever situated. No deduction is allowed unless the executor includes in the return the value at time of non-resident's death of that part of the gross estate not situated in United States.

Stock in a domestic corporation owned and held by a non-resident decedent shall be deemed property within United States, and any property of which decedent has made a transfer or with respect to which he has created a trust, shall be deemed to be situated in United States, if so situated either at the time of transfer or creation of the trust, or at the time of his death.

### PAYMENT

The tax must be paid within one year from date of decedent's death. If paid prior thereto a deduction of 5% per annum for the period between payment and date due is allowed. If not paid within 90 days after it is due 10% per annum interest will be added from date of decedent's death. If delay is due to litigation, the interest will be 6% per annum from date due until the cause of delay is removed; thereafter at 10% until paid.

The tax must be paid at the office of the collector of the district where decedent lived, if within United States; otherwise payment must be made to the collector where the gross estate is located. If the estate is located in two or more districts, the tax is payable to the collector at Baltimore, Maryland.

The executor must file with the collector a return, under oath, in duplicate, setting forth the value of gross estate at time of decedent's death, or, in case of a non-resident that part of gross estate situated in United States.

### PENALTIES

For knowingly making a false statement or return, a fine not exceeding \$5,000, or imprisonment not exceeding one year, or both, will be imposed. If the tax is not paid within 60 days after it is due (that is one year and 60 days after decedent's death) the collector will, unless there is cause for further delay, commence proceedings in United States court to sell the property under judgment, and the tax, together with cost and expenses, must be first paid, and the balance deposited according to the court's order.

Unless the tax is sooner paid, it will become a lien for ten years on the gross estate, except that such part of gross estate as is used to pay charges against the estate and expense of administration shall not be subject to lien.

### WAR EXCESS PROFITS TAX

(Effective from Jan. 1, 1917)

This is a new tax upon excess incomes of corporations, and partnerships and the business of individuals. The law of March 3, 1917, is repealed. The average net profits for the years 1911, 1912 and 1913, called the "Prewar Period," are taken as the basis of deduction in the computation of the war excess profits.

In arriving at the excess profits an exemption from the net income, as shown by the income tax returns, of the same percentage of the invested capital as was earned during the prewar period, but not less than 7% nor more than 9% of the actual capital invested, is allowed. Domestic partnerships and citizens or residents of the United States are allowed, in addition, a flat deduction of \$6,000, and all domestic corporations a flat deduction of \$3,000. No such deduction is allowed foreign corporations or partnerships, or non-resident alien individuals, but the tax does not apply in cases where the income of such foreign corporation, partnership or individual is less than \$3,000.

### LIABILITY FOR TAX

This tax applies to all trades or businesses of whatever description (whether continuously carried on or not) except:

(a) Compensation of fees received by officers and employees of the United States, or any state, territory, the District of Columbia, or any subdivision thereof.

(b) Corporations exempt from federal income tax and partnerships and individuals carrying on a similar business.

(c) Incomes derived from the business of life, health, and accident insurance combined in one policy issued on the weekly premium payment plan.

All the trades and businesses in which a corporation or partnership is engaged shall be deemed to be a single trade or business, and all its income from whatever source derived shall be deemed to be received from such trade or business.

### GRADUATED RATES

The tax is levied upon the net income in excess of the deduction allowed, equal to the following percentages:

Twenty per cent of the amount of the net income in excess of the total deduction and not in excess of fifteen per cent of the invested capital for the taxable year.

Twenty-five per cent of the amount of the net income in excess of fifteen per cent and not in excess of twenty-five per cent of such capital.

Thirty-five per cent of the amount of the net income in excess of twenty-five per cent and not in excess of thirty-five per cent of such capital.

Sixty per cent of the amount of the net income in excess of thirty-three per cent of such capital.

The following tabular statement presents these rates in condensed form:

Percentages of Deduction	Tax Rate
More than the deduction and not more than 15%	20%
More than 15% and not more than 20%	25%
More than 20% and not more than 25%	35%
More than 25% and not more than 33%	45%
More than 33%	60%

### DEDUCTIONS ALLOWED

Domestic corporations: \$3,000 and an amount equal to the same percentage of the invested capital for the taxable year which the average amount of annual net income of the trade or business during the prewar period was of the invested capital for the prewar period (but not less than seven nor more than nine per cent of the invested capital for the taxable year).

Domestic partnerships or citizens or residents: \$6,000 and an amount equal to the same percentage of the invested capital for the taxable year which the average amount of the annual net income of the trade or business during the prewar period was of the invested capital for the prewar period (but not less than seven nor more than nine per cent of the invested capital for the taxable year).

Foreign corporations, partnerships or non-resident alien individuals. An amount ascertained in the same manner as in the foregoing paragraphs, but without any exemption of \$3,000 or \$6,000.

### EXAMPLE No. 1

To show the application of the above provision let us assume the following conditions:

A corporation with average prewar profits of \$10,000, and a profit for the taxable year of \$30,000, with a capital of \$100,000 for both the prewar period and the taxable year.

Capital for both taxable year and prewar period \$100,000

Average for both taxable year and prewar period 30,000

Net income for taxable year 30,000

Per cent of prewar to capital 10%. Maximum deduction 9% of capital for taxable year (\$9,000) and \$3,000 12,000

Amount subject to tax 18,000

Amount Taxable 18,000

Amount in excess of deduction and not in excess of 15% of capital for taxable year 3,000

15% to 20% of such capital 5,000

20% to 25% of such capital 5,000

25% to 33% of such capital 5,000

Total 18,000

(To Be Continued)

## These Metropolitan Stars

### Your Christmas Guests

That would be a privilege wouldn't it—to have these eminent artists singing to you in your own home? "But the idea is preposterous," you reply. "It's inconceivable."

Far from it. So far as the enjoyment of music is concerned you can sit in your own living room and revel in the beauty of Marie Rappold's wonderful voice, for example, exactly as though the great diva were standing there in the flesh. And the same applies to any other of our assemblage of world-renowned artists.

## The New Edison

"The Phonograph with a Soul"

re-creates the human voice with such fidelity—it renders so complete and perfect a reproduction, that no human ear can distinguish the slightest difference between the living artist and the record.

This is not a claim; it is an established fact. Over one million people have attended our famous tone tests where 30 eminent artists sang in direct comparison with the New Edison's Re-Creation of their own interpretations, and not one could tell where the voice left off and the record began. In the case of instrumentalists the verdict was the same. 500 newspaper critics have gone on record to this effect. Thomas A. Edison has not merely imitated—he has actually re-created the human voice.

### A Gift Which Means a Life Enriched

As a Christmas gift what can equal a New Edison? It adds something real and vital to life.

Why not purchase one as a family gift? Eliminate the small individual presents to one another, pool your funds and secure a "Phonograph with a Soul."

Come in for a Demonstration

## Brady Bros.

## How Long Will a Battery Last?

That depends to a tremendous extent on the quality of the insulation between the plates.

It is the insulation that protects the plates from contact with one another—from short circuiting—and perhaps ruining the battery.

**STATE ARCHITECT  
INDORSED PLANS**

Approves of Design Selected By Monument Association for Soldiers' Monument — Association Held Meeting Saturday and Voted to Accept Plans of Morrison and Walker.

The Morgan County Monument association met in called session yesterday morning to receive the report of the state architect to whom the plans and specifications for the monument had been submitted with the agreement that they would be accepted by the committee or association if indorsed by the state architect. His letter was as follows:

Springfield, Dec. 3, 1917.  
Dr. C. E. Rammelkamp,  
Secretary, Jacksonville Monument Association.

My Dear Dr. Rammelkamp:  
Following several conferences between Morrison & Walker and myself, Morrison & Walker have revised and remade the drawings of the Jacksonville monument, which I am now prepared to approve; my approval having reference to the permanency and stability of the materials of construction, details of workmanship, foundations and other engineering requirements.

The monument as now designed by Morrison & Walker is of a high type of construction and can be expected to stand permanently without depreciation and without repairs.

Yours very truly,

Dept. of Public Works and Buildings  
Edgar Martin, Supervising Architect.

When the county association was appointed Major C. E. McDougan was made chairman and Hassel Hopper secretary. The members were the above, the county board, Dr. C. H. Rammelkamp, Judge M. T. Layman, C. Riggs Taylor, W. H. Jordan, James Self, James M. Swales, T. B. Orear and S. W. Nichols. On the death of Mr. Hopper, Capt. John E. Wright was named to fill his place.

Letters were written to a large number of architects and artists to sculptors asking them to send to the city plans and specifications and inch to the foot models of the best thing they could design and erect for \$31,000.

The names of the competitors were to be absolutely secret so that everything would be strictly fair. It was agreed to pay some money to the men who submitted the second and third choices. The state art commission was requested to visit the city and pass on the models submitted.

A room at Academy hall was kindly placed at the disposal of the association and there were twelve designs that were submitted. Several had good points but all the members of the art commission, all of but two of the county association, the city council and an overwhelming majority of the public favored the design of Messrs. Morrison & Walker and their artist, Mr. Cranwell. The plans and specifications were clear and explicit and fully set forth.

It was claimed by some that the construction which involved some concrete was not desirable so the secretary was instructed to confer with the government authorities regarding that point and the reply was that a \$250,000 structure and another costing \$100,000 to be erected in Washington and planned by the national architect and board, the highest authority in the land, both involved concrete about as the proposed monument in Jacksonville.

However there was strong opposition so the successful men were asked to revise their specifications eliminating concrete and for the monument use only granite and bronze which they did at an expense of several thousand dollars as they informed the association. The plans were sent here and examined and it was voted in the county association to submit the plans and specifications to the state architect and if he approved to accept them and request the county board to proceed with the work.

The letter published above came to President Rammelkamp and in addition several other high class and capable architects expressed themselves fully in favor of the state architect's views. Messrs. Morrison & Walker came down from Chicago and appeared before the association yesterday and explained as fully as possible all that pertains to the structure.

There is to be a large solid concrete base and coping around the border of it and the monument is to be wholly of granite and bronze.

It was explained that the concrete base was preferable to anything else as it is like one vast rock without joint or seam but the monument will all be bronze and granite. The question regarding the figure was raised some preferring a soldier at rest instead of the statue of Columbia and the architects said if the change was made it would save them around \$5,000, but they deemed the present design preferable to anything else.

They also said the delay had wholly wiped out their profits as material had advanced greatly since they submitted their bid and they hoped the work would be accepted so that they could make their contracts before any more advance.

The matter of letting the work to the lowest bidder was brought up but the architects said the first call or terms were equivalent to that and no one could get their design for less than \$10,000 so that it would be impractical to let the work out to any more bids and Judge Layman said he had examined the law and could find nothing that would require such a structure as this under the circumstances to be let to the lowest bidder.

The association then voted to accept the plans and specifications and announce the same to the county board.

The largest and finest assortment of NECKWEAR ever shown in Jacksonville

**I**T may be hard to realize that Christmas is only fifteen days off. It's harder yet to squeeze into those few days the whole round of Christmas shopping. And hardest of all is the problem of gifts to men, with its demand on time, and thought, and money.

Because we are specialists in men's goods we can help you save all three—time, thought, and money. Here in our store you will find a great variety at a wide range of prices; and here, in a men's store, you'll get the advice of those who really know what men want.

We are ready to make suggestions.

Maybe you want to send something to the boys "at the front" or "in camp." You can be sure they'll appreciate little remembrances; we'll mail them for you if you like.

The presents bought now may not arrive on Christmas day, but as one soldier said, "There's nothing quite as enjoyable as the presents that come afterwards, when you're least expecting them."

Handkerchiefs, sox, mufflers, mittens, sweaters, underwear, and any number of other things you'll find here are all good for the soldiers and sailors; we can help you in choosing.

IT'S A PART OF THE SERVICE OF this store to see that you're satisfied with your purchase long after you make it. He might possibly like something else better; if he does, we'll be glad to make exchanges.

### CONGREGATIONALISTS IN ANNUAL MEETING

Will be Held Wednesday Evening—  
Basket Supper Will be Enjoyed.

The supper served at the annual meeting of the Congregational church, which is to be held Wednesday, December 12th, at 6:30, will, this year, take on a new aspect in conformance with the policy of conservation of time, energy and money which we are all trying to adopt. In former years tables were spread and a more or less elaborate menu prepared for the members of the church and congregation who had gathered to hear the annual reports

of the various church activities; but this year it was decided to follow an entirely different plan—to have a basket supper. Each housewife is to prepare sufficient food for her family and one extra, these "extras" providing for those members of the church and congregation who are not keeping house. The contents of each basket will be as follows, quantities depending on the number of persons in the family: Sandwiches, meat or salad, cake or cookies, fruit, dishes (plates, cups or glasses), forks, spoons, napkins, and sugar for coffee, cream, etc. There will also be collected a fee of ten cents from each family to provide for the expense of coffee, cream, etc. Tables will be placed at one side

of the lecture room, and the supper served cafeteria style.

Those members wishing to attend, but unable to prepare baskets, are requested to communicate with Miss Maria Fairbank before Tuesday noon, and arrangements will be made for their accommodation.

INTERESTING NEWS  
FROM NAPLES VICINITY

Special Services at Ovville M. E. Church Closed Thursday Night—Dick Hatfield Surprised on Birth-day—Funeral of Mrs. Joseph Six.

Naples, Dec. 7.—Mrs. Will Anderson and daughters, baby Bess and Miss Juanita, of Bloomington, after several days' visit with her cousin, Mrs. George E. Haas, have returned to their homes.

Mrs. Stanley Bumgardner was a sufferer for a few days the past week from a light attack of appendicitis.

Miss Beulah Hatfield was driver for an auto load of ladies to Jacksonville Saturday.

Prof. and Mrs. Kirgen entertained their friends, Mr. and Mrs. Knight of Franklin one day during the week. Roy Shunkle and wife of White Hall were their Thanksgiving guests.

Mrs. Josephine Hatfield accompanied Peter Haley and wife of Pike county to Jacksonville this week where Mrs. Haley sought medical consultation.

Fred Schroeder and wife of Eldred, visiting the latter's mother, Mrs. Sherman Myers, have returned home.

Mrs. Myers and daughter Mary accompanied them for a day, the John Thompson auto being the means of conveyance.

Elmer Whalen of Jacksonville, a former resident here and one of our high school graduates, was hobnobbing among friends here a day this week.

Rev. Haas closed two weeks of special services at the Ovville M. E. church Thursday night. Large attendance was the rule and much interest was manifested. Special music was given by Mrs. Phil Rhinehart of Bluffs, who sang, "Have You Done Your Best?" her daughter, Miss Suzanne playing the violin obligato, accompanied on the organ by Mrs. Haas.

Misses Norma Abrams and Lela Hatfield of Naples were present two nights and sang a duet at each service. Mrs. Will Hamilton and Mrs. Haas of Naples, also sang a duet one evening. These offerings by the friends were deeply appreciated.

Miss Frances Hatfield, assisted by her mother, gave her brother Dick a very pleasant surprise Monday evening, it being the sixteenth anniversary of his earthly advent, by inviting a few of his young friends in for a social time. A dainty and delicious course luncheon was served.

Two auto loads of friends from here drove to Jacksonville Sunday afternoon to visit Miss Mabel Hale who is in hospital recovering from an operation for appendicitis.

Rev. Phil J. Rhinehart of Bluffs, was a welcome visitor one evening at the Ovville special services in the M. E. church. He read the scripture lesson and offered prayer.

Tire troubles are coming Rev. Haas' way in bunch. He has had three blowouts and one puncture in as many days in succession. We note he bows to the inevitable and keeps a smiling.

Four auto loads from here attended the special services at Ovville Sunday evening. This was the record breaking night in attendance, the capacity of the church was taxed to its limit for room. The service was very impressive and all seemed glad to have been there.

The funeral services over the remains of Mrs. Jos. Six of Ovville were held from the Methodist church there Saturday afternoon in the presence of one of the largest audiences ever assembled in the church to pay last respects to a departed friend and neighbor. Rev. Geo. E. Haas in his usual impressive way had charge of the services and beyond the sermon to the living, spoke very feelingly of the virtues of the splendid mother, faithful wife and excellent Christian character. Mrs. Six was held in high esteem by the whole countryside who mourn her departure. Besides her husband she leaves a family of five children, four girls and one boy, the latter now in his last year of the Bluffs High School. The youngsters bear evidence of the happy home before the affliction in the kindly presence of the father and the loving devotion and care of the mother. The interment was in the Ovville cemetery.

Naples precinct was apportioned \$210.00 in the drive for the "Y" fund and went over the top with \$250.00 to its credit.

## PLEASANT GROVE

There was a mistake last week in naming the place of items, the editor printing it Pleasant Plains when it should have been Pleasant Grove.

Mrs. U. S. Fanning was trading in Murrayville last Friday.

Mr. and Mrs. Allen are planning to move from our neighborhood to Garner.

King Winter has been visiting us the last few days, so we don't leave the stove very far, as it may be scarce.

A man was soliciting the country for money or chickens for the Salvation Army basket dinner of Christmas day for the poor in Jacksonville.

Clinton Tucker of Carrollton came Monday for a few days' visit with his brother, B. L. Tucker and wife.

Heleen Dobson and Earl Hall spent Saturday night and Sunday with the former's aunt, Mrs. Beulah Mutch and husband.

Linton Tucker was a Jacksonville caller Wednesday on business.

Mrs. Geneva Luke and baby have gone to the home of the former's parents, S. S. Sheppard and wife, bringing a trained nurse to care for the baby two weeks longer.

Mrs. Irene Clardy spent Thursday with Mrs. Grace Tucker assisting her with her work.

G. W. Dobson called on George Sooy Thursday morning.

John Boddy and Allision Thompson were in the city from Markham yesterday.

ILLINOIS AND WAR  
(Wallace Rice)

Illinois commands us, her loyal children. Here to meet tonight in new consecration. Crossing with her over the troubled threshold of a new era.

Jewel-bright her story, and proud her people. Gathered here recounting her past achievement; While the blare of bugles and tramp of war-hosts call to new duties.

Born she was in warfare, and her fortitude. Red with tales of battle along these prairies; First of settlers here was the iron-handed Henry de Tonty.

Joliet, La Salle, Pere Marquette, the pious. Prophets and adventurers, brought the ensign. France sent westward floating above our rivers—These our beginnings.

Britain's flag awhile on our ramparts fluttered; The Virginia came, and the Starry Banner. Rose in splendor never to be supplanted. Emblem of freedom.

Illinois, through Clark and his fearless Long Knives, Gave the Nation, first of her gifts, the empire. Of the broad Northwest, to preserve and cherish Freedom for ever.

Soon upon the Flag was our Star of Statehood. Brightly placed, the banner to hold the Union. On through the years. How we have repaid this, History blazons.

First in Mexico, when at Buena Vista. Gallant Hardin perished, on to the City. Marching up with Scott, never once defeated Illinois battles.

Rose the Great Revolt. Did our Douglas-falter? At the call two hundred and sixty thousand Fighting men go forth. Ours their chosen leader, Grant the un-daunted.

Ours that Man of men, more than peer of princess. Humble-hearted, yet honoring man and woman. More than any crown, the Emanuel-pater Abraham Lincoln.

Peace ensues, and here from our golden cornfields. And rich mines beneath are afforded treasure. Wealth beyond our dreams, with the whirling workshops adding new treasure.

Beauty, too, is ours; glowing arts and letters; Science sound and deep; law to help the helpless; While Religion builds templed shrines, high altars free as the sunlight.

Peace becomes our faith and our fond conviction. On a sudden Europe, in flame enveloped. Startles us from dreaming. We see in horror arson and murder.

Busy at our doors, as the desperate conflict. Twixt a right divine held by sceptred despots.

And a government for and by the people rocks land and ocean.

Vain our hope for peace; and our old flags beckon us. France, who gave us being, and Greater Britain.

Tony's home, fair Italy. Freedon's offspring, roll out their drums.

And we rush to arms. Hear the trumpets blaring! On our sacred soil see our brave young warriors.

Youth in blue or khaki, our sons and brothers, Haste to the Colors!

Child's Folding Play House

Illinois renews now the fine old pledges.

Given at her birth and redeemed so proudly.

Illinois once more gives with solemn gladness her best and noblest.

How can she do less, she who ended slavery. In its age-old form, now that new enslavement.

Threatens at her gates? Hear our fathers cheering, Liberty!

Union!

Liberty for all, great or little peoples.

This our mighty task, this our sacred duty.

Never peace until mankind in union dominates bloodshed.

God of Liberty, Illinois is praying.

Not for glory or gratified ambition,

But for generous truce with no thought for conquest. War for War's deathblow.

We who gave America in her peril.

Instruments for victory Grant and Lincoln.

Under God shall force new emanicipation, Freeing Man's spirit.

Good gloves for gentlemen are scarce, but FRANK BYRNS Hat Store has a good assort-

ment.

FARM PROPERTY

Sold another farm of 420 acres last week and have listed these instead:

(A) 140 acres, three miles from the city and one-fourth miles from a shipping point. One hundred acres good black soil, thoroughly tiled, forty acres rolling timber soil, all in grass. This farm produced 90 bushels of oats to the acre and the corn is husking out near 99 bushel an acre now. This soil is in a high state of fertility and well fenced; there is a barn of nine rooms, with new furnace and in perfect condition. There is a barn for twelve head of horses and eight cows with corn crib and oat bins. There is another large corn crib with implement shed adjoining, also a new garage. This farm is offered at \$30,000 but must be sold by January 1st, if at all.

(B) We have just listed another excellent Morgan county farm containing a little over 300 acres. Excellent location, near three shipping points. Land runs from black prairie to good timber soil with one full set of improvements and tenement house in addition. This farm is fenced into twelve tracts making it a most desirable farm to handle. For immediate sale this farm can be had for \$240 per acre.

(C) 90 acre farm one mile from good town on the C. & A. mostly good black land edging into timber soil with fair improvements. Price \$175 per acre.

# WINTER Care of Storage Batteries

When your car is laid up for the winter, when the storage battery is not in actual use, it requires just as thoughtful care as when it is performing its functions on your car. A battery standing idle is gradually charging itself, and sulphating. The danger of freezing is always present. We store your battery, either wet or dry storage. Dry storage is much the better plan, as your battery is completely taken apart, overhauled, new separators and acid put in, plates laid away dry, so there is no deterioration of the plates whatever during the winter.

**WE CALL FOR AND DELIVER YOUR BATTERIES

### SECY HOUSTON URGES INCREASE IN PRODUCTION

Makes Annual Report for Department of Agriculture—Outlines Varied Activities and Lines of Effort During Past Year—Large Increase in Crop of Staples.

Washington, Dec. 7.—With record crops grown this year the nation's farm and livestock production must be stimulated to a still higher efficiency during the coming twelve months if domestic demands and the needs of the Allies are to be adequately met, Secretary Houston says in his annual report to Congress today.

"That the farmers of the Nation have generously responded to the appeals for increased production, and that much has already been done to insure a large supply of foods and feedstuffs," says the report, "justifies no let-down in their activities or in those of all agricultural agencies. On the contrary, even greater effort must be put forth in the coming months.

"There must be no breakdown on the farms, no failure of foods, feedstuffs or clothing. I cannot emphasize too strongly the urgent necessity of doing everything possible to bring about a still further increase in the production of all essential commodities, particularly of the staple crops and livestock."

**Farmers Comprehend Demand.**

Confidence in the ability of the farmers to meet the unusual emergency caused by America's entrance into the war is reiterated by the Secretary. Their willing co-operation since April has been prolific of encouraging crop increases, he says, and there is no doubt but that they have a complete and ready comprehension of the demands to be supplied as the war proceeds.

"The spirit revealed by the farmers and the results of their efforts during the present year," he says, "indicate that they recognize the responsibility resting upon them in this emergency. I am confident that they will patriotically continue to assume and bear their full share of the country's burden."

"The farmers of the nation have always shown their devotion to the cause of freedom and have not been slow to respond to the country's call for men and means to defend its rights."

"As it becomes more obvious that the surest way to force a righteous peace is to employ effectively all the resources of the nation, the farmers will increasingly put forth their strength, send their sons to fight at the front, and see to it that neither this nation nor those with whom we are associated lack anything in the way of materials for food and clothing."

While the precise figures for meat, poultry, dairy products and vegetable oils are not yet available, the Secretary estimates that the quantity of these commodities is greater than for 1915.

**Billion Bushels Increase.**

An increase of a billion bushels over the five year pre-war average was effected in this year's crop of staples. Unrevised estimates contained in the report are as follows: 3,191,000,000 bushels of corn, 659,797,000 of wheat, 1,580,000,000 of oats, 201,659,000 of barley, 56,000,000 of rye, 16,813,000 of buckwheat, 33,236,000 of rice, 73,380,000 of kafir, 439,686,000 of Irish potatoes, 84,727,000 of sweet potatoes, 15,957,000 of commercial beans, 426,606,000 of peaches, 11,419,000 of pears, 177,723,000 of apples, and 7,621,000 of sugar beets.

"The number of milk cows and other cattle" the report adds, "has shown an increase during the last four or five years, the estimate for the former for the present year being 23,996,000 as against 22,768,000 a year ago and 20,497,000 in 1913, before the European war began, while that for the cattle is 43,291,000 as against 40,849,000 a year ago and 36,030,000 in 1913. Unfortunately, the number of sheep continues to decline; the estimate for 1917 is only 46,059,000 as against 48,483,000 a year ago and 51,482,000 in 1913. It is estimated that the number of hogs, which during recent years has shown an upward tendency, decreased over 4,000,000 from 67,543,000 to 62,747,000.

**Shortage of Grains and Forage.**

"In considering the whole meat situation it should be kept in mind that there is a close relationship between the production of live stock and the supply of feedstuffs and that for more than a year past there has been a relative shortage of grains and of forage. The large production of these necessities during the present crop season should conduce to more satisfactory conditions for the producers of live stock and should, other things being equal, tend to bring about an increase."

"But with the destruction of live stock in Europe and the great demands from there for meats and fats, with consequent greatly increased exports from this country, it is clear that the supply will not be adequate for the domestic needs and for those of the nations with which we are associated in the war."

"The mere statement that the population has steadily increased in this country—the gain in the 10 years from 1908 to 1917 being 13,000,000—with an absolute decrease in the livestock for the same period, would emphasize the seriousness of the situation if conditions were normal and the demand for meats and fats were not so urgent."

**To Extend Use of Ranges.**

The report announces the organization of a special agency to ascertain to what extent the government safely can permit the use of national forest ranges for cattle grazing.

A severe winter and late spring in the West this year induced the open-

ing of the forest reserves to the animals much earlier than usual, and in 1918 the emergency use of the ranges for grazing purposes is to be much extended.

A \$3,000,000 saving has been made, says the report, by the Department's placing specialists in the regions of greatest sweet potato production to superintend the proper handling and storage of the commodity. A special survey to collect choice Irish potato seed stock now being conducted in Maine, Vermont, Massachusetts, New Hampshire, Minnesota, Wisconsin and Colorado.

Discovery in Texas of the pink bollworm, a highly-destructive cotton pest, presents another serious menace to the nation's cotton crop, but every means is being utilized to eradicate the pest in the United States. Its spread so far has been confined to comparatively isolated areas.

**To Organize Extension Service.**

Material development of native agricultural resources, the report says, is expected to follow complete organization of the Department's extension service. Equipped with an appropriation of \$4,384,400 the service will soon be able to place one demonstration agent—possibly two—in nearly every agricultural county in the country, and a woman in each large city to give advice regarding the production, conservation and utilization of food products. Agents numbering 5,000 are now performing extension work among the nation's farmers and in the urban communities.

"These agents," declares Secretary Houston, "not only are performing the normal and emergency demonstration and educational work, but they are also assisting other branches of the government in special directions, such as the Treasury Department in its Liberty Loan campaigns and the Food Administration in its food conservation activities."

The report, outlines in detail the varied activities and lines of effort of the Department during the year, particularly the tremendous expansion effected at the outset of the war.

### D-I-A-M-O-N-D-S SPECIAL NOTICE

### JOY PRAIRIE COTERIE MET WITH MRS. D'ETRICK

Interesting Session Held Recently—Open Meeting at Home of Mrs. Edward Joy Dec. 27—Other Chapin News.

Chapin, Dec. 7.—Charles A. Malley of Chicago is visiting his aunt, Mrs. James Guinane.

Walter Nortrup is home from Camp Taylor for a visit with friends and relatives.

Mrs. Henry Looman of Meredosia and Mrs. R. R. Glenn of Webster Grove are guests of Mrs. Charles Thomason this week.

Mrs. Ray Bridgeman is visiting Mrs. Roy Craven of Beardstown.

Mrs. M. Van Houten of Jacksonville was the guest of Mrs. E. F. Antrobus Friday.

Miss Margaret Eagan was a Jacksonville shopper Friday.

The Joy Prairie Coterie met with Mrs. George O'Patrick, near Concord, Wednesday afternoon. There were 14 present and one guest Miss Nell Hayden of Jacksonville. The roll call was answered by names of Colonial dames. Mrs. James Joy gave a very interesting paper on "The Wives of Our Presidents". Several selections on the victrola were enjoyed and committees for the open meeting were appointed. This meeting to be held at the home of Mrs. Ed. Joy, Dec. 27th.

**RED CROSS SEAL  
FIGURES ARE LARGE**

140,000,000 Holiday Stickers Already Distributed in United States.

The biggest drive in the history of the Red Cross Christmas Seal movement is being made this year. Already 440,000,000 of the little Christmas stickers have been printed and distributed throughout the United States.

Agents in every state and territory in the Union from Alaska to the Canal Zone and from Porto Rico and Hawaii and even in the far off Philippines have been making demands for the stamps. Thru these agents the Seals will be distributed to the local and state anti-tuberculosis associations and to other agencies thru which they will be put on sale.

Every effort is being made to stimulate the sale of the Seals this year so the \$3,000,000 fund which is the objective will be realized. The country's entry into the war and the consequent revelation of the prevalence of tuberculosis and the danger in which the disease has placed our army has added incentive to the campaign.

Every man, woman and child is being asked to triple the amount of their Red Cross Seal purchases this year. If they bought a hundred Seals last year, they are being asked to buy three hundred this year, as the annual fund to be raised must be increased from the \$1,116 total of \$1,900,000 to \$3,000,000.

Advertising circulars, post cards and letters are being sent out to aid in the sale of Seals. Upwards of 2,000,000 personal letters have been written, and an army of fully 500,000 workers, most of them volunteers, are busy boosting the campaign.

## MT. STERLING WON FROM JACKSONVILLE

In a fast game Jacksonville lost to Brown County Five—Treated visitors to big surprise—First game for Jacksonville but showing was excellent—Harney and Reeve star

Mt. Sterling defeated Jacksonville in the opening basketball game of the season in David Prince gymnasium Saturday evening, 13 to 11. The defeated Jacksonville showed up in wonderful form and gave the visitors the surprise of their young lives.

It was Jacksonville's first game, while Mt. Sterling has been playing for some time. Coach Hoover was much pleased with the showing of his team and believes he will have a squad that will make all of them bustle when it gets into shape.

The men had only three nights practice before the game and the spectators were astonished at the "pep" they put into their play. The men played well together and the work of Harney and Reeve stood out prominently, they scoring all of Jacksonville's points.

For the visitors McDonald, During and Dearborn did the best work for Mr. Sterling. Vandevenner played a rough game committing six personal fouls. The score:

Jacksonville	F.G.	F.T.	T.P.
Harney, f	2	0	4
Reeve, f	1	5	7
Smith, c	0	6	6
Fierke, g	0	0	0
Green, g	0	0	0
<b>Totals</b>	<b>3</b>	<b>5</b>	<b>11</b>
Mt. Sterling	F.G. F.T. T.P.		
McDonald, f	3	0	6
During, f	1	1	3
Dearborn, c	2	0	4
Vandevenner, g	0	0	0
Campbell, g	0	0	0
<b>Totals</b>	<b>6</b>	<b>1</b>	<b>12</b>

## SPECIAL TREATMENT ARRANGED FOR WOUNDED

Surgeon General of U. S. Army Arranging Special Treatment for Men Wounded in Battle—Will Establish Vocational Re-Education for Those Who are Unable to Follow Former Occupations.

The Surgeon General of the United States Army is arranging for special treatment of the wounded, including special efforts for functional restoration of damaged parts and vocational re-education for those who from the nature of their illness or injury are unable to follow their previous occupations.

In order to make this work as comprehensive and as successful as possible, the Morgan County Medical Society is anxious to learn every type of occupation which our crippled and diseased handicaps are doing.

We ask the public to assist in this work by making out a list of every cripple known, answering the following questions and sending the list to Dr. Walter L. Frank, Sec., 200 Ayers Bank Bldg.

1. Nature of disability.
2. Sex.
3. Age when disabled.
4. Present age.
5. Previous occupation.
6. Present occupation.
7. Degree of success.
8. Present earnings.
9. Education previous to injury.
10. Education or training for present occupation.
11. What artificial appliances used.

## NOTICE OF MEETING

All shareholders of the Woodson Farmers Elevator Company will meet for the purpose of organizing at Colton's Hall Monday, December 19, at 1 P. M.

## CLUBS AND SOCIETIES

The Pastor's Aid society of Grace church will hold an all day sewing Wednesday. Work of importance. Everybody come.

The Home and Foreign Missionary societies of Westminster church will meet Tuesday, Dec. 14th, at 3 p. m., with Mrs. W. D. McCormick, 1435 Grove street. Devotional exercises will consist of verses from the Gospel of John, by all the members. Every woman is urged to bring items of interest on the topic of the afternoon Home topic: "Mountaineer". Foreign topic: "The Present Situation in Syria and Persia".

The Wednesday class will meet Friday with Mrs. J. L. Johnson, 225 Lockwood Place.

The Woman's Guild of Trinity church will sew all day Monday at Passavant hospital.

The Monday Conversation Club will meet Monday at 3 p. m. with Mrs. W. A. Fay, 930 West North street.

The December meeting of the Woman's Club will be held Saturday December 15th at Academy Hall at 3 o'clock. Mrs. Jessie Palmer Weber of Springfield will speak on the subject "The French in America". As Librarian of the State Historical Society and secretary of the Illinois Centennial Commission the work of Mrs. Palmer Weber is well known in Jacksonville and her subject will be interesting at the present time.

The December meeting of the Free Kindergarten will be held at the Public Library Monday, December 10th, at 3 p. m. A full attendance is desired.

The Opportunity Class of Grace M. E. church taught by J. J. Reeve, will be entertained at the home of Arthur Cody, 288 Sandusky street, Monday evening. The Ladies Class, taught by Mrs. F. B. Madden, will be guests of the men's class.

The November and December birthday party of the ladies of Northminster church will be held next Thursday, Dec. 13, at 2:30 p. m. at the home of Mrs. W. E. Spoons, 332 South Diamond street. All ladies of the church are invited.

The Fine Point club will meet with Mrs. F. J. Andrews Friday afternoon at 2:30 o'clock.

The Chaminade Musical club will meet Monday afternoon with Miss Cornelia LaRue, 1739 West North street, at 2:30 o'clock. A Christmas program will be given.

The Young Woman's Foreign Missionary Society of the Centenary church will meet Monday evening, Dec. 10th with Mrs. Homer Rowland on Richards street. Mrs. Wells and Mrs. Kitney will assist.

The Friday Social circle will meet Friday afternoon at 3 o'clock with Mrs. Willard Cody of West North street.

**COLD WINDS.**  
When your face and hands are chapped from the wind use Creme Balm.

Gilbert's Pharmacy.

## BIRTH RECORD

Born, Saturday afternoon to Mr. and Mrs. Hal C. Foulk of the Dunlap Hotel, a son.

**BRING IN YARN.**  
People having bright colored yarn left from sweaters, scarfs, etc., are asked to please leave it at the Red Cross shop as soon as possible for the purpose of making blankets for the soldiers.

**LOSE INDICTMENT**  
Belleville, Ill., Dec. 8.—The state will not be ready to proceed Monday with the trial of six East St. Louis policemen who are under indictment in connection with the East St. Louis race riots unless the missing indictment is found. The men named in the indictment are Night Chief Hickley, Sergeant Mehan, Sergeant Healy and three patrolmen. Court officials said they were satisfied the indictment was lost accidentally.

**PROMINENT ELK DIES**  
Minneapolis, Minn., Dec. 8.—Ezra W. (Billy) Goddard, editor of the Jolly Elk, official organ of the Elks in Minnesota and author of the Elk Greeting "Hello Bill", died at his home here today, from an attack of heart trouble. He came to Minneapolis 35 years ago.

As usual we are prepared to protect you against Jack Frost's penetrating drive.

Here now are big, warm Overcoats with large ulster and fur collars, any length, any style, any size — for man, youth or boy.

Men's Overcoats	\$7.50 to \$40.00
Young Men's Overcoats	\$7.50 to \$35.00
Boy's Overcoats	\$3.50 to \$15.00

## MISS VENNER EXPRESSES APPRECIATION

Charles F. Elinie yesterday received the following word of appreciation from Miss Venner, at Passavant Hospital, acknowledging receipt of the Vetsola, which Mr. Elinie was largely instrumental in having sent to the nurses home. The communication follows:

Mr. C. S. Elinie

Charles F. Elinie—To you and many other friends of Passavant Hospital who so kindly sent the Vetsola for the Nurses' Home, we wish to express our thanks for and appreciation of the splendid gift.

It will bring to the nurses many hours of pleasure which would otherwise have been impossible during their relaxation from professional duties and will help them return refreshed to their care of the sick.

It was much enjoyed by the patients on Thanksgiving Day and provided itself a remedy for headache, toothache, and many other ills which were carried away on the wings of music.

With sincere thanks,  
Passavant Memorial Hospital,  
Per Ida B. Venner, Superintendent.

## FUNERALS

Gay.

Funeral services for the late George S. Gay were held at the family residence on Webster avenue Saturday morning at 10 o'clock. A large number of sorrowing friends gathered to thus show their respect for his memory. The services were of a simplicity and plainness quite in accord with Mr. Gay's life and character. Dr. Frederick S. Hayden read several comforting passages of scripture and then offered a prayer beautiful in its earnestness.

Before the scriptures were read Mrs. A. Weihl sang "Sometime We'll

Understand" and after the prayer, "Beautiful Isle of Somewhere." After this brief service the cortège moved to Diamond Grove cemetery for interment. There the words of the communal service were spoken by Dr. Hayden. There were many floral tributes and these were cared for by Mrs. W. L. Fay, Miss Lydia Hatfield, Mrs. C. C. Rigden, Miss Idella Walton and Miss Stanley Quisenberry, Frank P. Vickery, Arthur Hender son, George Brennan, C. C. Rigden and William Lucas.

Conspicuous among the flowers was a spray sent by the merchants of West Morgan street and South Sandy street. Most of these men had been business neighbors of Mr. Gay thru many years and during that time had learned to honor and respect him. Among persons here to attend the funeral were two sisters of the deceased, Miss Ida M. Gay of Milwaukee and Mrs. Guy Sheppard of St. Petersburg, Fla.

### LITTLE NINETEEN WILL HOLD CONFERENCE

Representatives of Athletic Association of Smaller Colleges Will Meet in Peoria—Meeting One of Great Moments—Decision Will be Made Affecting Athletics at the Schools—Eligibility Interpretation... Also Will be Considered.

R. E. Harmon will go to Peoria Friday to attend the Eleventh Annual meeting of the Illinois Intercollegiate association which will convene in the University club rooms on that date.

A great many things of importance to the association will be considered. One of the most important perhaps is the question of a continuation of athletics by Little Nineteen institutions. While every member has announced that athletics will be continued, there has been such a drain on attendance because of the selective draft and voluntary enlistments that some of the schools are finding it difficult to keep athletics going.

Nearly all of the schools in the conference have booked basketball games, the no arrangements have yet been made for a conference tournament. This is one of the matters that will have consideration at the meeting. The method of selecting first and second division teams also will be determined in case a tournament is held.

The date and place of holding the annual track meet and the activities associated with it will be settled. The 1917 football championship will be awarded to Lombard which went thru the season without a defeat. In this connection a go will come up the selection of football and basketball officials.

One of the most important things

to come before the meeting will be the new rules which were discussed at the meeting last year and will come up for adoption at this time. In this connection it is probable that the interpretation of the eligibility rule will cause some warm discussion.

It is the contention of some of the schools that a student can enter a college in the Little Nineteen from a school outside the conference and be eligible to engage in athletics at once. This was the case with Lanum who entered Millikin from the University of Illinois and with a player at Bradley. Both men played thru the season.

However, the same men who argue that these men are eligible argue that the rule only applies to men who try to change from one conference school to another. Under such an interpretation of the rule it would have been possible for Coach Harmon to have brought his entire team from California State Agricultural school and set them down at Illinois college. It is Coach Harmon's intention to protest against such an interpretation of the ruling. It is understood that Coach Muhl of West Linn also takes the same stand that Harmon does.

### BOOKS MAKE THE MOST LASTING XMAS GIFTS

To My Friends:  
Naturally you want to give gifts that have a lasting value. Can you measure the influence of a whole-some book given a child or adult? Books are character builders. Especially are our soldier boys hungry for good reading material.

Then, too, our line of juvenile and children's books is unusually large and attractive. Crane's writing paper, Waterman's fountain pens, memo books, diaries, cameras, dainty novelties, leather bound books, all the latest popular copyrights, children's educational games, combine to make Xmas giving worth while.

### WEST RESERVOIR

#### IS ALMOST EMPTY

Commissioner Vasconcellos Points to Bare Facts in Water Famine—Save is the Slogan.

Notices of warning and advice from Joshua Vasconcellos, commissioner of the water department, appear in several places in this issue. The water situation Saturday was found to be even worse than anticipated. Acting in disregard to instructions given, according to statement made by Mr. Vasconcellos, the night engineer at Jacksonville State hospital kept the water running into the reservoir at the hospital and in this way practically emptied the west side reservoir.

Mr. Vasconcellos said last night that if the condition had not been discovered until two hours later, that all the water would have been taken from the reservoir and the School for the Deaf would have been without a supply. Mr. Vasconcellos declares that the action taken by the engineer has given the insane hospital an excess supply which is not now needed and has seriously menaced Jacksonville in the matter of sanitation and fire protection.

All the water the city now has is the small amount in the bottom of the reservoir and that which can be pumped from the north side station. So there is every reason for giving strict heed to Commissioner Vasconcellos' warning and only by the practice of economy will a very severe situation be averted. If consumers do not economize voluntarily than it will be necessary to shut off water from such consumers. For the sake of yourself and the community heed this warning.

We have just the gift you are searching for.  
RUSSELL & THOMPSON

### BOYS AT ARMY CAMPS ANXIOUS FOR LETTERS

Man in Training at Camp Logan, Texas, Writes Lines on Subject—Keenly Disappointed When Letters Fail to Come.

The following lines were recently sent to a Jacksonville lady by her son, who is in the army service at Camp Logan, Houston, Texas. The writer in his letters has often spoken of the manner in which the boys wished for the mails and how disappointed some of them were when letters fail to come. The soldier in writing said "One of the boys just picked this off and gave me a copy. It's the truth." Here are the lines:

What is the call, the bugle call, the call that has no betters?

That longed for call that beats 'em all—that musical call for letters.

You can take a silver trumpet and sound the dread alarm,

T. A. will spring to action with his rifle 'neath his arm;

But if you want to see him jump and beat a streak of hell!

Just take the same old bugle and sound the call for mail.

No one who has not been there can tell just what it means.

To have a life epistle from your home tucked in your jeans.

Perhaps the maiden's name is Madge or Jane of Marguerite,

But a scented word of love makes a week's dull toll seem sweet;

And any mother's soldier son who hears that bugle cry

Just stops his heart and holds his breath for fear he'll be passed by.

His hands are all a tremble and his eyes stick out like pegs

And he goes all of a quiver with the ague in his legs.

But if his name's not on the list, he waits a frozen bud,

Until another mail call brings him trudging through the mud.

He is no correspondent and answers but a few,

His chances are slim to write his love a Billet doux;

And when he does, it is beneath a sputtering pine knot taper,

With a broken nib, and an ink starved pen on a piece of cartridge paper.

Now the moral is for the folks at home "Don't wait for him to write."

And don't just say "Dear Art—must close—I hope this finds you right."

But a good long newsy letter is the best that you can yield.

In the way of active service to your Sammee in the field.

That is the call the bugle call,

That has no betters,

The longed for call that beats 'em all,

That musical call for "letters."

### RADIATORS

We have established a system to repair radiators. See us when others fail.

Faughst Tinners, N. Main.

### PLENTY OF COAL FOR THE SCHOOLS

In the report of the board of education session Friday night which appeared in Saturday's Journal the statement was made that the second ward school was out of coal and that an appeal would be made to M. F. Dunlay, chairman of the local fuel committee, for relief. This report was a record of a statement made at the board meeting Saturday, however, James W. Harrigan of Harrigan Bros., who have the contract to furnish the schools with coal, said the statement made at the board session was in error. Mr. Harrigan said he had consulted janitors of the various school buildings and his understanding was that each building had a supply for one or two weeks.

The firm had a car of coal on track Saturday for the schools and others in transit, and Mr. Harrigan said there was not the least danger of the schools being closed down for lack of coal. The board of education was very much relieved when they found that Harrigan Bros. had such a plentiful supply of school coal on hand. Harrigan Bros. have been in the coal business a great many years and have never yet failed to provide coal under contract, and the board is fortunate in having the contract with such a reliable firm.

Harrigan Bros. have been in the coal business a great many years and have never yet failed to provide coal under contract, and the board is fortunate in having the contract with such a reliable firm.

The firm had a car of coal on track Saturday for the schools and others in transit, and Mr. Harrigan said there was not the least danger of the schools being closed down for lack of coal. The board of education was very much relieved when they found that Harrigan Bros. had such a plentiful supply of school coal on hand. Harrigan Bros. have been in the coal business a great many years and have never yet failed to provide coal under contract, and the board is fortunate in having the contract with such a reliable firm.
